2016 ST. PETERSBURG B20 FORUM
in the framework of the St. Petersburg International Economic Forum
16 June 2016

B20 is the primary platform for global business community to discuss the most pressing economic issues and craft recommendations for the G20 leaders. B20 China aims to contribute to boosting the innovations-driven development, building an open world economy and enhancing global economic governance. The process under Chinese leadership is focused on financing growth, trade and investment, infrastructure, SME development, employment and anti-corruption, and will foster communication and consensus development between all parties. It is also important to extend the reach of B20 to the business community from non-G20 economies and enrich the B20 process. Thus the China Council for the Promotion of International Trade (CCPIT), which chairs B20 China, and the Russian Union of Industrialists and Entrepreneurs (RSPP), which chaired B20 during 2013 Russian G20 Presidency, are organizing the 2016 St. Petersburg B20 Forum. The Forum will bring together top business leaders and will be an important platform to B20 vision and for 'innovative, invigorated, interconnected and inclusive world economy'.
