Task 1.

- 1) To my mind this poem is dedicated to a beloved ~~one~~ one.
- 2) The ~~author~~ author wants to express his eagerness for his dreams but they seem quite hopeless.
- 3) I suppose 'golden and silver light' represent the sun and the moon, whereas 'half-light' may ~~be~~ mean sunrise/sunset.
- 4) The last line shows that author's dreams seem to mean nothing to whom they are dedicated.

Task 2.

- 1) d
- 2) c
- 3) trust/very traditional
- 4) creativity/symbolic of danger
- 5) excitement/associated with death
- 6) diversity
- 7) a

Task 3.

Just when demographers are ringing a ~~lame~~ lame bell about population, amazing founder Jeff Bezos is willing to populate soul system. Mister Bezos was asked for his thoughts on humanity living in the outer space in a

thousand year time. He replied: "I would love to see now a trillion humans living in the soul system. If we had a trillion humans, we would have at any given time 1000 Mozarts and 1000 Einsteins. Space would be full of life and intelligence and energy." He said that he wants to help "build heavy infrastructure that will be used by the space entrepreneurs of the future, generations, so that engineering and imagination can really be a lift."

Mister Bezos thoughts are echoed by a fellow multi-billioner Elon Musk, owner of X (formerly known as Twitter). In 2021 he said of human race: "we don't want to be one of those single-planet species we want to be a multi-planet species." Earlier this year Mister Musk warned that: "population collapse due to low birth rates is a matter of a big risk to surviving than global warming... making these pages." Mister Bezos can see of people living in giant space stations. He said most inhabitants would visit home for vacation. He envisions a planet returning to its pristine environment, as factories would be built in space. He said they would explore regions on the moon or an asteroid instead of using up Earth's

Task 4.

In a vibrant coast town, Zoe, a young chef with an extraordinary talent, was thriving ~~by her passion~~ ~~for unique ingredients~~, she explored local markets ~~and remote fishing villages~~. Fascinated by exotic flavours she has dedicated her life to creating

innovative dishes, her skills ^{have} far surpassed those of her traditional colleagues.

One brisk morning, Zoe embarked on a spontaneous quest for culinary inspiration. Driven by her passion for unique ingredients, she explored local markets and remote fishing villages. She wandered through bustling bazaars her senses were alive with an array of spices and fresh seafood. Her search brought her to a hidden cove at dawn just as fishermen ~~had~~ brought in their early catch.

There, Zoe discovered a rare fish, its flavour unlike anything she had ever tasted. This discovery ignited a burst of creativity: ocean's beauty ~~was~~ ^{was} exhilarating but there were unexpected finds that truly inspired her. Zoe's culinary adventures, blend in traditional techniques with avant-garde tastes, soon to become legendary, will ~~will~~ inspire others to explore and embrace diverse flavours of the world.

Task 5.

- 1) overflation - an increase of demand that has ~~has~~ become rather high and has gotten to the point where it's a fight to get something. (like those Stanley cups)
- 2) demagoguing - an influence that has a bad impact on something
- 3) ultra-processed - a meal or food in general that has way too many preservatives in it.
- 4) keto-baby - a child from the Alpha generation and whose behaviour is awful.

- 5) Binge flap - a characteristic of a person that isn't bad but it isn't good either, just something in between.

Task 6.

Task 8

- 1) Hawaii. Hawaii have their own native people who really love and cherish their islands. They can't stand when tourists take rocks from their beaches as they think that tourists are stealing ~~from~~ ~~God's~~ God's creations.
- 2) Michigan. The facts Michigan can be known for are not quite pleasing most of the time, ~~because~~ It's rather upsetting but Michigan is known as a state with most school/university shootings.

- 3) California. California ~~was~~, to my mind, is one of the biggest (if not the biggest) 'influencer cities' in the entire world. This state is covered in so-called 'influencers'.
- 4) Florida. Florida experiences quite a big amount of hurricanes annually. People's houses, who live there can be blown away, which is ~~very~~ frightening.
- 5) Kentucky. This state is now known ~~as~~ because a famous artist Jack Harlow was born there. Yet, it has gained its popularity with a fast-food chain KFC (Kentucky Fried Chicken).

Task 5.

A Misadventure Turned Adventure

It wouldn't be a surprise if I said that I was going to a mall to buy some stuff, right? Yet, we all got that wrong. Let's imagine a sunny hot ~~weather~~ ^{day} somewhere in Spain, Mallorca. Oh, what a lovely day! one would say, but no. It's flaming hot, everyone's ~~hot~~ and everything's hot. Here is where the mall I mentioned comes in handy. Oh Goodness! Finally some airconditioning. Here comes another problem, since I was with my family I had my sister just running around somewhere. Some time passes by and ~~boom~~ boom! my sister is nowhere to be seen. She's lost. Out of sight! Completely! We thought this trip was going to be ruined, but thank God no. A woman comes up to us holding my sister, in her hands, pockets, everything was full of 'candy'. I would lie if I

said I wasn't jealous. ~~And I was~~ My parents probably thought that our little adventure was spoiled because the kind woman turned out to be a local and showed us the whole city around. Oh my the views we saw! That was probably the most adventurous misadventure I've had in my entire life.
