Task 3

Just when demographers are ringing alarm bells about overpopulation, amazing founder Jeff Bezos says we need to ~~pop~~ populate our solar system. Mister Bezos was asked for his thoughts on humankind living in outer space in a thousand years time. He replied: "I would love to see you now, a trillion humans living in the solar system. If we had a trillion humans, we would have at any given time 1000 Mozarts Mozarts and 1000 Einsteins... space would be full of life and intelligence and energy." He added that he wants to help build heavy infrastructure that will be used by the space entrepreneurs of future generations, so that ingenuity and imagination can really be unleashed.

Mister Bezos' thought are echoed by fellow multi-billionaire Elon Musk, owner of X (formerly known as Twitter). In 2021 he said of the human race: "We don't want to be one of those single-single-planet species; we want to be a multi-planet species." Earlier this year, mister Musk found that "population collapse due to labour rather rates is a much bigger risk to civilisation than global warming... mark these words." Mister Bezos can see people living in giant space stations. He said most inhabitants of there would visit Earth for vacations. He envisions our planet returning to its preteen environment as factories would be built in space. He said they would exploit resources on the moon or on asteroids instead of using up Earth's.

Task 9

A Misadventure Turned Adventure

Vita lived alone with a cat named Mister Wiskers. Vita wasn't fond of the cat: ~~he was lazy and~~ he was rather slow and lazy. But once Mister Wiskers ran away. Vita looked everywhere but ~~he~~ the silly cat was nowhere to be found...

Rest assured as the cat had returned that evening as lazy as can be. But Mister Wiskers absence shortly became a strange and regular occurrence. He left Vita's house sharply at 9.45, made his way towards the garden and out of the gates. Surely, ~~he~~ such strange behaviour caught Vita's attention. So one day she decided to embark on this "Misadventure" ~~and~~ along with the cat. ✎

Right as Mister Wiskers turned the corner, Vita ran out of the house and followed suit. One can only imagine the girl's surprise when she saw her cat get on the bus by himself.

It turned out that Mister Wiskers was in fact quite active and not silly at all. Every day ~~he~~ he went to the ~~to~~ Zoo by bus only to take a glance at his mighty predecessors. Hadn't it been for that day, Vita would have never known what an educated and civilised

gentle - cat lived under the same roof with her.
