Task 8.

This essay directed on analyzing pie chart about daily activities for teenagers. As we can see, teenagers spend huge amount of time (about 45%) on activities which are closely connected with The Internet. Moreover, studying takes not as much time as it ~~is~~ considered. I suppose, it is crucial nowadays to manage time wisely in order to attain

astounding accomplishments.

Personally, I suppose that teenagers should think about studying and getting a degree more than about video games. As I strongly believe that emphasis on studying will, obviously, help teens accomplish satisfying results. In addition, it will increase percentage.

The best way to prevent teenagers using The Internet, as much as now, is to help them to manage daily routine, which will motivate teenagers to study more.

Well, taking everything into account, I can say that nowadays teenagers are extremely productive, but I am convinced that they should eliminate time of ~~using browsing~~ using The Internet.
