Task 3

Just when demographers are ringing alarm bells about population, amazing founder Jeff Bezos says we need to populate a Solar System. Mister Bezos was asked for his thoughts on humanity living in outer space in a thousand time. He replied: „I would love to see, you know, a trillion humans living in the space solar system. If we had a trillion humans, we would have at any given time 1,000 Mozarts and 1,000 Einsteins... Space would be full of life and intelligents and energy." He added that he wants to help "Build heavy infrastraction that will be used by the space interpretations of future generations... So that ingenuated imagialition can really be a lift."

Mister Bezos's thoughts are rocked by follow multi-billionere Elon Musk, owner of (familiar know as Twitter). In addt, he sad of the human race: „We don't want to be one of those single-planet species, we want to be a multi-planet species."

Mister Musk want that 1. Population keeps due to flew asteroids is a much bigger risk to civilisation than ^{calapse} global warming... Musk Make this wise." Mister Bezos can think of people living in giant space Stations. He sad most inhabitants of this would visit a

He invises a planet writing to its environment, as factories would be built in space. He sad they would explore its recourses on the Moon or on asteroids insted of rising up thoughts.

Task 4

In vibrant coast town, Zoe, young chef with extraordinary talent, thrived. Fascinated by exotic flavors, she dedicated her life to create innovative dishes, her skills far surpass those of her traditionalist colleagues.

One brisk morning, Zoe embarked on spontaneous quest for culinary inspiration. Driven by her passion for unique ingredients, she's explored local markets and has remoted fish villages. She was wandering through bustling bazaars, her senses were alighted with array of spices and

fresh seafood. Her searches brought her to hidden cove at dawn, just as fishermen's brought in their early catch.

There, Zoe discovered rare fish, its flavor unlike anything she has ever taste. This discovery ignited burst of creativity: ocean's bounty was exhilarating, but there were unexpected finds that truly inspired her. Zoe's culinary adventures, blended traditional techniques with avant'-grade tastes, soon have become legendary, inspiring others to explore and embrace diverse flavors of world.

Task 6

1. In the ever-evolving landscape of professional realm, the topic of quitting, or more prasing, the act of giving up on one's endeavors, has emerged as a thought-provoking subject, triggering discussions on resilience, determination, and the pursuit of personal happiness. This topic has garnered substantial attention in recent times, as it raised a questions that delve deep into the intrications of individual choices and society expectations.

2. At the core of the quitting conundrum lies the pursuit of personal happiness and fulfillment. In a world that often emphasizes relentless perseverance, quitting can be perceived as deviation from the normals. However, the act of quitting can also be seen as an act of self-preservation and an acknowledgment of one's evolving priorities and aspirations.

3. Quitting is not merely a matter of surrender; it can also signify a bold step toward personal growth and change. When individuals find themselves stuck in fulfilled by roles and situations, quitting can serve as a catalyst for transformation. It can pave the way for new opportunities and fresh perspectives, ultimately leading to a more satisfying life path.

4. While quitting may be a deeply personal decision, it is not immune to societal judgment. Society often places a premium on resilience and steadfastness, sometimes overlooking value of self-awareness and adapt. The fear of being labeled as quitters can define

individuals from making choices that are in their best interest.
 5. The issue of quitting is characterized by nuances and shades of gray. Striking a balance through persevering through challenges and recognizing when it's time to move forward is a delicate art. It requires ~~expectations~~, self-assessment, and courage to make difficult ^{self-}decisions.

While some argue that quitting signifies weakness, others champion it as a courageous act of self-discovery and growth. As individuals navigate this multifaceted issue, they must remember that quitting, like any other decision, should ultimately align by their own pursuit of happiness and personal fulfillment. Just as in the case of nepotism, the quitting debate will continue to trigger passionate conversations and challenge conventional wisdom in the ever-evolving landscape of life and work.

Task 9

Two young men step into the club seeking for some beautiful girls. In the dark room with loud music it was hard to find someone but boys had their luck - right in the corner there were two pretty young girls. As boys tried to reach them two men stepped ahead of them and talked to a beautiful girls. Our young boys were really disappointed - their luck has ran out which means adventures are over for today. They left the club and tried to follow the girls with their boyfriends. They found the company in a café discussing some strange topic. They were talking about murder this night. Young boys were frightened and were thinking of running out of their places and reach the policeman from the next avenue. Making bringing up their plan in life - they had completely failed. The policeman wasn't there but the strange company tagged them. Young boys said goodbye to their lives already. But nothing happened. The company was laughing while looking on the boys. It turned out that they were discussing a new film when the boys heard them, so no need to worry.
