In verdant, old-aged forest, there ^{was} ~~is~~ a resident Luna, rabbit unlike any other. Mesmerized by high sky, she spends ^t~~s~~ evenings gazing at stars, dreaming of cosmic mysteries. Her curiosity was insatiable, ~~different~~ greatly different from her peers, who preferred forest's tranquil life.

One clear night, Luna embarked on an unexpected journey. Guided by constellations, she ventured beyond known paths. She leaped over streams and navigated through dense underbrushes, ~~her~~ her heart pounded with excitement. Her adventure took her to the tallest hill in the forest, just as first dawn light was creeping over horizon.

There, Luna beheld sunrise of an unimaginable beauty, kaleidoscope of colors that stirred her

soul. This moment of awe brought profound realization: stars are mesmerizing, but her own world is equally splendid. Lunar's story, blended of celestial wonder and earth^y beauty, became endured legend, an inspiration to all appreciating magic of both distant dreams and beauty at hand close.

„The Day Everything Went Wrong (But Ended Right)”

It was another awesome day of student's life. Just like any schoolar I woke up starving to death and being held hostage by my English teacher, known for his irascible and belligerent behaviour, his cinic and feroocious airs, actions; he was one of the very few teachers forcing ^{people} ~~pe~~ students to study his subject fastidiously; having an ammunition, which would hold up a good fight in any combat. Today he was nice to only be calling for SWAT and air forces to strafe me. It

all may sound to some weirdos as a complete nonsense, however most would understand the hardcore ~~life of stude~~ student's life.

Do you think that's it? How naive. ~~De sp~~ Despite being hard-working extra-terrestrial most people don't believe in me, even though only nincom poop ~~so~~ wouldn't see how much hard* yakka I am slaying on my daily knowledge grind; getting hit with outrageous amount of floccinaucinihilipilification is exceedingly ~~de~~ demotivational.

Nevertheless, everything aforementioned doesn't come even remotely close to the main problem. Welp you to ask me how trustworthy I am from 1 to 10, I would ask why you forgot the zero.

But happy become the reader! I had realized a long time ago (like an hour) how detrimental I

am; discomobulating it is, albeit true. And so I
started striving for being better human being.
And vanished the problems!

№8.

1. New York's capital is not "New York", but
is the New York City (NYC). And it is not the
most populated state, despite even some teachers
saying so, let alone politicians.

2. Washington is, 'surprisingly,' a location of the
White House. Also it is not even close to the
center of the USA (it's in "corner"), again don't
listen to politicians, it's not the true heart of the
US.

3. Ohio was and still is the "memest" state
at least since late 2022. It's not the warmest
state, but killing an Ylti will not get you in prison.

4. Texas had the most bold cowboys (and cowgirls) in the entire US (just look at ^{how much} ~~what~~ their ancestors care about what White House wants). People there are not fond of immigrants for some odd reason.

5. New Mexico had ruined all fun and didn't name its capital "Mexico", sadly. Beware of very boring people and immigrants there. Also it is not ^{really} a humongous desert as shown in films, √1.

~~2. He wants to offer his dreams more, than he can~~

3. "Golden" stands for sun (sunny), "silver" for ~~the~~ moon ~~for~~ (moony), "half-light" for shadow (shadowy).

2. He wants to offer way more than just his dreams (which he offers).

1. The poem is written for people who struggle/gave up.
