## Task 3

There has been a — of muggings in cities across the globe as muggers are focusing on a new item to steal — luxury coats. In recent weeks, people in London, Washington DC and other metropolitan areas have been robbed of their coats at knife

point. One man in Birmingham in the UK was slashed across <sup>his</sup> the face as thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2,200 each as well as literally stealing the coats off people's backs, thieves are breaking into people's vehicles. Professor David Wilson, a criminologist at Birmingham City University, <sup>warned</sup> that the muggings were the start of a new "crime trend". He said the thefts were worrying.

Professor Wilson <sup>warned</sup> those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canada Goose branded jackets to be careful and aware of your surroundings and who is around you. You have to be vigilant for opportunists who might try to steal them." He added that: "Thieves used to target Rolex watches which go for thousands of pounds and then sell them online." A London transport spokesperson said: "Canada Goose coats are targeted for robbery. It's a real concern for us because it really impacts the safety of young people and the network." She

added that this "acquisitive crime" was "very concerning, intimidating and frightening".

#### Task 4

In a verdant, age-old forest, there resided Luna, a rabbit unlike any other. Mesmerized by the night sky, she spends evenings gazing at the stars, dreaming of cosmic mysteries. Her curiosity was insatiable, differing greatly from her peers, who preferred the forest's tranquil life.

One clear night, Luna embarked on an unexpected journey. Guided by constellations, she ventured beyond known paths. She leapt over streams and navigated through dense underbushes, her heart pounding with excitement. Her adventure took her to the talbot hill in the forest, just as dawn's first light was creeping over the horizon.

There, Luna beheld a sunrise of unimaginable beauty, a kaleidoscope of colors that stirred her soul. This moment of awe brought a profound realization: stars are mesmerizing, but her own

world is equally splendid. Luna's story, a blend of celestial wonder and earthly beauty, has become an enduring legend, inspiring all to appreciate the magic of both distant dreams and the beauty close at hand.

### Task 8

1 Nevada is a very hot state, even having a desert on its territory. It is also the home of Las Vegas, a city filled with ~~casinos~~ casinos, which is most likely why people go there.

2 Oregon is connected to the Oregon Trail, an American historic event during the gold rush. Oregon was the city rich with gold, so many people in the East devised a path to get there.

3 Texas is a red state in the South of the USA which borders with Mexico. As of the time of writing this, Ted Cruz is the governor of Texas. It is also a state used for farming.

### Task 9

The moment Henry Tonn woke up on the wrong side of the bed on

Friday 13th was when he knew that his day wouldn't get much better. He had always been superstitious, so much so that ~~seem~~ seeing a cat with even small spots of black fur would make him sprint the opposite way.

The rest of the day ~~tratto~~ truly was not better. At every point where he could mess up - he did. He pulled 'push' doors and pushed 'pull' doors, couldn't go far without tripping, jumbled his words at his job as a waiter, and so much more.

Coming back home after all of that was like entering Heaven, though it seems that his luck had followed him, as it was dark and the light switch was in the living room. Walking into it like a mine field, he didn't expect to see the lights suddenly turn on and ~~so~~ hear something pop - confetti. He'd been so superstitious that he forgot it was his birthday. And with that, he finally realized that a lot of mistakes were caused by his own fright. Relieved, he did something successfully, dug into his cake.
