Task 9

Nowadays there is a popular quote that "A disadvantage turned Advantage".

Let's think what does this phrase mean. In my opinion it is when something goes wrong, but it doesn't make your trip worse.

Most of us were in trouble, but then everything was changed and we felt better and thought like, "Oh, that was the best experience I have ever had."

For example, my family and I went to the zoo, but it was closed. We were sad about it, but my dad found the exit. He told us not to worry. He said to us that we are going to the trip to another city. So, we said in car and went to the countryside to my grandparents where I met my cousins. That day I had the best time with all my family. We had a dinner together, watch some stories and have fun.

It was really cool to meet them. I think that it was great that one of my family and I didn't go to the zoo and that my father chose to meet our relatives. It was a wonderful experience.

All in all in my opinion, a misadventure can turned to adventure. TR

That's all for now. Thank you
