Task 3.

There has been a of muggings in cities across the globe as muggers are focusing on a new item to steal - luxury coats. In recent weeks, people in London, Washington D.C., and other metropolitan areas have been robbed of their coats at knife point. One man in Birmingham in the UK was slashed across his face as thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2,200 each. As well as literally stealing the coats off people's backs, thieves are breaking into people's lockers. Professor David Wilson, a criminologist at Birmingham City University warned that the muggings were the start of a new "luxury crime trend". He said the thieves were 'worrying'.

Professor Wilson warned those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canada Goose to be ~~be~~ careful and be aware of your surroundings and who is around you. You have to be vigilant for opportunists who may try to steal them." He added that: "Thieves used to target Rolex watches which go for thousands of pounds and then sell them online." A London Transport spokesperson said: "Canada Goose coats are targeted for robbery. It's a real concern to us because it really impacts the safety of young people on the network." She added that this "acquisitive crime" was "very concerning, intimidating and frightening."

Task 4.

In a verdant, age-old forest, resided Luna, a rabbit unlike any other. Mesmerized by the night sky, she spent ~~her evenings~~ the evenings ~~gazing at the stars~~ gazing at the stars, dreaming of cosmic mysteries. Her curiosity was ~~unending~~ insatiable, differing greatly from her peers, who preferred the forest's tranquil life.

One clear night, Luna embarked on an unexpected journey. Guided by the constellations, she ventured beyond the known paths. She leapt over streams and navigated through dense underbrush, her heart pounding with excitement. Her adventure had taken her to the tallest hill in the forest, just as dawn's first light crept over the horizon.

There, Luna beheld a sunrise of unimaginable beauty, a kaleidoscope of colors that ~~stirred~~ stirred her soul. This moment of awe brought a profound realization: stars were mesmerizing, but her own world was equally splendid. Luna's story, a blend of celestial wonder and earthly beauty, became an enduring legend, inspiring all to appreciate the magic of both distant dreams and the beauty close at hand.

A couple months ago I attended an open day at HSE. On my way there I had looked up the route I'd need to take from the subway station to get there, but I hadn't memorized it well. This lead me to be repeatedly betrayed by my GPS ~~due~~ due to how 'well' it functions in the city centre, ~~and~~ nearly being hit by a car twice, losing one of my earbuds in a hurry (I did end up finding it again later), ~~and~~ ~~but~~ but in the end I got there in one piece. Though not before entering the wrong building and making one of the students guide me to where I needed to go with no coat. But in the ^{real} end I liked the presentation I ~~went there~~ ^{went there} to see and lied to a cante that it had been my birthday for a free dessert so all was well.
