One clear night, Luna embarked on ^{an} unexpected journey. Guided by constellations, she ventured beyond known paths. She leaped over streams and navigated through a dense underbrush, her heart was pounding with an excitement. Her adventure

THE DAY EVERYTHING

WENT WRONG (BUT ENDED RIGHT)

'Come on, no way...' someone moaned in the garage. That was Jim, who was going to have a lovely trip with his wife Jessica, who celebrated her birthday. 'What's the matter?' she asked. 'No, nothing' responded Jim but the car kept denying to turn on. 'Ok, I'll be ready in 10 minutes, honey' replied Jessica. 'Holy

cow!' thought Jim, who had no idea what to do with his car. In panic, he started to check everything he could: gas tank, clutch, compressors and other stuff. 'Honey, I'm coming' shouted Jessica going downstairs. Jim didn't manage to puzzle out what the problem is and got completely discouraged. He planned every detail of the upcoming trip in the most exhaustive way possible and all his efforts eventually didn't pay off. He didn't know what to say to Jessica when accidentally his gaze fell down to a starter key. The penny dropped. It wasn't his car's key but his house's one. 'Silly me...' internal voice in ^{the} his head told Jim. He rapidly found the real key ~~in his pocket~~ and, thank God, the car turned on. There came Jessica and asked whether everything is fine. 'Couldn't be better, let's

set off' stated the husband and since then
everything went well.
