Task 3

Just when demographers are ringing alarm ^{bells} about overpopulation, ~~amazing~~ ^{Amazon} founder Jeff Bezos says we need to populate our Solar System. Mister Bezos was asked for his thoughts on humanity living in outer space in a thousand years time.

He replied: "I would love to see, you know, a trillion humans living in the Solar System. If we had a trillion humans, we would have at any given time 1000 Mozarts and 1000 Einsteins... Space would be full of life and intelligence and energy". He added that he wants to help "build" heavy infrastructure that will be used by the space entrepreneurs of future generations.. So that ingenuity and imagination can really be unleashed.

Mister Bisoz's thoughts are ~~echoed~~ ^{echoed} by fellow multi-billioner Elon Musk, owner of X ~~ex~~ (formally known as Twitter). In 2021, he said of the human race: "We don't want to be one of those single-planet species, we want to be a multi-planet species." Earlier this year, Mister Musk warned that: "Population collapse due to low birth rates is a much bigger risk to ~~civilization~~ civilization than global warming... mark these words". Mister Bisoz conceives of people living in giant space stations. He said most inhabitants of these would visit Earth for vacations. He envisioned our planet returning to its Pristine environment, as factories would be built in space. He said they would exploit resources on the Moon or on asteroids instead of using up Earth's.

Task 4 coastal
In vibrant ~~coastal~~ town, Zoe, young chef with extraordinary talent, thrived. Fascinated by

exotic flavors, she dedicated her life to creating innovative dishes, her skills far surpassed those of her traditionalistic colleagues.

One brisk morning, Zoe embarked on spontaneous quest for culinary inspiration. Driven by passion for unique ingredients, she explored local markets and remoted fish villages. She wandered through bustling bazaars, her senses alit with array of spices and fresh seafood. Her search brought her to hidden cove at dawn, just as fishermen were ~~bringing~~^{brought} in their early catch.

There, Zoe discovered rare fish, its flavor unlike anything she had ever tasted. This discovery ignited burst of creativity. Ocean's bounty was exhilarating, but there were unexpected findings that truly inspired her. Zoe's culinary adventures, blended ~~the~~ traditional techniques with avant-garde tastes, soon become legendary, inspiring ~~the~~ others to explore and embrace diverse flavors of the world.

Task 9. ~~We~~ I lived in Indonesia, ~~with my boyfriend~~.
 Once my boyfriend and I decided to take our
 dog for a walk. We wanted to breathe some
 fresh air and de-stress, so we went to the
 nearest ~~forest~~ ^{jungle}. It was early in the
 morning. The sun was shining, birds were
 singing & we were cheerful. ~~Our dog~~ the
 world around us was so peaceful. I
 noticed that our dog, Kara, was alarmed
 and anxious. Kara was walking slowly ~~and~~
 trying to hear something that we couldn't
 hear. ⁷⁹

Suddenly Kara started barking and we
 saw the cause for her concern. It was
 an ~~enormous~~ ^{enormous} monkey! My boyfriend and I were
 convinced that it was going to attack us.
 So... we ran away leaving Kara alone.
 We were so coward and dumb...

We had run a long distance before I
 remembered about Kara! Our actions were so
 embarrassing and childish. Both ashamed we
 started calling for our little dog. ⁽⁴²⁾

We had been searching for her for several hours
 when I heard some strange noises and a dog
 barking happily! We approached the ~~rest~~ party,
 hid in the bushes and we got dazed!
 Our ~~Kara~~ tiny, courageous Kara became the
 queen of monkeys. She was wearing a crown
 made of flowers and monkeys were
 dancing around her.
