Task 7

We don't have any interesting places like shop or cinema. So I have nothing to do. Mostly old people live there. It's very hard to find friends. I need to go to the city to meet them. So I have to spend money to pay for the public transport. Also we need to take care of our house and garden ourselves. That's very hard actually. And there are lots of bugs and ants.

Task 8

Teenagers spend 30% of their time sleeping. It ~~happ~~
~~is~~ happens because at that age their body grow
very fast, so they just need to sleep that much.
Also because of that they eat a lot. As they need
vitamins to be healthy.

Teenagers spend 15% of their day studying. At
that period of life people study a lot. Because
they have exams.

They spend 10% of their time playing videogames.
I guess it's because videogames are extremely
popular nowadays. And everyone can download a
game to the phone very fast. Also teenagers
spend the same amount of time online and texting.
I bet mostly all their life is online. They can
study online or chat with friends.

And they spend 10% of their time doing sports.
Because appearance is very important for them. So
they want to look cool. A lot of teenagers are
into some sports like football, tennis, volleyball.
