Task 3

There has been a spate of muggings in cities across the globe as muggers are focusing on a new item to steal - luxury coats. In recent weeks, people in London, Washington DC and other metropolitan areas have been robbed of their coats at knife point. One man in Birmingham in the UK was slashed across his face as thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2,200 each. As well as literally stealing the coats of people's backs, thieves are breaking into people's vehicles. Professor David Wilson, a criminologist at Birmingham city university, warned that the muggings were the start of a new "luxury crime trend". He said the thefts were "worrying".

Professor Wilson warned those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canada goose branded jackets to be careful and be aware of your surroundings and who is around you. You have to be vigilant for opportunists who might try to steal them". He added that: "Thieves used to target Rolex watches which go for thousands of pounds and then sell them on-line". A London transport spokesperson said: "Canada goose coats are targeted for robbery. It's a real concern to us because it really impacts the safety of young people on the network". She added that this "acquisitive crime" was "very concerning, intimidating, frightening".

Task 4

In a verdant, age-old forest, there resided Luna, a rabbit unlike any other. Mesmerized by the night sky, she spent evenings gazing at stars, dreaming of cosmic mysteries. Her curiosity was insatiable, differing greatly from her peers, who preferred forest's tranquil life.

One clear night, Luna embarked on an unexpected journey. Guided by constellations, she ventured beyond unknown paths. She leaped over streams and navigated through dense underbrushes, her heart pounding with excitement. Her adventure took her to the tallest hill in the forest, just as dawn of the first light crept over horizon.

There, Luna beheld a sunrise of an unimaginable beauty, kaleidoscope of colors that stirred her soul. This moment of awe brought a profound realization: stars were mesmerizing, but her own world was equally splendid. Luna's story, blended of celestial wonder and earthly beauty, became an enduring legend, inspiring all to appreciate magic of both distant dreams and beauty close at hand.

Task 9

It all started in the very morning.

My husband came back from his night shift and claimed he had been fired. He was the only one working in our family! I was so disappointed at the fact that I'd no longer be able to buy beautiful clothes and visit expensive restaurants...

Then I had to go to my daughter's school talent show. Oh God, how ashamed I was! She lost her shoe while dancing and it smacked the director's face. I had to beg for forgiveness. So humiliating!

I took her home and then wanted to drive to my friend. So stressed I was I couldn't manage the car and crashed. I had to pay a

terrible fee. After a four-mile promenade on high heels I got home.

And there was my family waiting for me. My husband and my daughter made pasta for dinner. My little girl hugged me and my beloved one gave me a forehead kiss.

Smelling the delicious dish made by those who I love and being around them, I understood no hardships would ever destroy our wonderful world. At that very moment I realised how happy I was.

Task 8

1. New York is probably the most popular American state with people across the globe. Its capital is the New York city which is also called the Big Apple. It's not hard to guess that the city is really huge!

2. Texas is a southern state of America. It is the biggest one in the country. The weather is really hot there. It seems odd but you can simply come across a crocodile while walking down the street!

3. Washington is a state where the capital of the USA is located. It is named Washington DC to make a difference between names of the state and of the city. It ^{was} named after the first president of America, George Washington.

4. Pennsylvania is located in the East of the country. Many interesting and mysterious stories about vampires are connected with the state. It is very common in cinema art to show that these human-like blood-seeking creatures live in Pennsylvania.
