Task 8

Alaska is the northwest american state. It's separated from the rest of the country by Canada. Originally, Alaska was a part of Russian Empire, but the emperor Alexander II has sold it to the US because of its lack of valuable resources.

Florida is one of the southeast US states. It has a big popularity among tourists as well as locals. All thanks to its pleasant climate and a very long coastline.

The Hawaii state is the only american state fully located on a group of small isles. It is treasured by tourists no less than Florida. Hawaii is one of the most popular vacation places in the world.

California is one of the biggest american states, located on the eastern part of the country. It has a long coastline, popular among tourists. California's capital city, Los Angeles, is one of the biggest cities in the US.

The Arizona state is located on the southern part of the country. It has one of the driest climates and highest temperature among all the states. Despite its long coastline, the state isn't so popular among tourists.

Task 9.

Once there was a man who has dreamed about travelling around the world since childhood. So he swore to himself that when he gets older he will travel wherever and whenever he wanted to. But the man had one serious problem: he was always late. No matter how early in the morning he starts packing things, by the time he gets to the airport he finds out that the plane has already gone. And every time he gets late he does it for a longer period of time. He was late by ten minutes the first time, by twenty minutes the third time and by two ~~hours~~ hours the sixth time. This way, he didn't manage to travel at all. But one day, when the man was getting ready for his next trip to Europe, he got late by such a significant amount of time, he managed to arrive in time for his next planned trip to South Africa, which was supposed to happen three months after the trip to Europe. It was the first time in his life when he managed to get on his flight on time and finally got to travel and turn his childhood dream into reality. Since that day he's been planning his trips based on this "lateness" strategy that allowed him to be late for his flights in the perfect time.

Task 3

Just when a ringing ~~bell~~ alarm bells about found Jeff Bezos that we need to populate Solar System. Mister Bezos was asked for his opinion on humanity living in outer space in a present time. He replied: "I would love to see you now, a trillion humans living in the Solar System. If we had a trillion humans, we would have at any given time 1000 Shakespeares and 1000 Einsteins... Space would be full of life and intelligence and energy". He added that he wants to help build heavy infrastructure that will be used by the space of future generations so that human imagination can really be unleashed.

Mister Bezos words are supported by fellow multi-billioner Elon Musk, owner of X (former known as Twitter). In 2021, he said of the human race: "We don't want to be one of the single planet species, we want to be a multiplanet species". Mister Musk said that "population collapse due to low birth rates is a big risk to civilization, global warming... make

these words". Mister Bezos can of people living in
giant space stations he said must ~~en~~ inhabitants of this
~~world~~ world visit for vacations. He invisions our planet
returning to its former environment, as factories would
be built in space. They would exploit resources and the
moon or an asteroid in stead of fueling.
