Task 3.

There has been a spate of muggings in ~~city~~ ci-

ties across the globe as muggers are focusing on a new item to steal — luxury coats. In recent weeks, people in London, Washington D.C. and other metropolitan areas have been robbed of their coats at knife point. One man in Birmingham in the UK was ~~slashed~~ slashed across his face as ~~a~~ thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2,200 each. As well as ~~literally~~ literally stealing the coats off people's backs, thieves are breaking into people's vehicles. ~~Prof~~ Professor David Wilson, a criminologist at Birmingham State University, warned that the mugg^{ings} were the start of a new "~~luxury~~ luxury crime trend". He said the thefts were worrying. Professor Wilson warned those with high-end

winter jackets to be careful. He said, "I would tell anyone wearing Canada Goose branded jackets to be careful and be aware of their surroundings and who is around you. You have to be vigilant for opportunists who might try to steal them." He added that, "Thieves used to target Rolex watches which go for thousands of pounds, and sell them online." A London Transport spokesperson said, "Canada Goose coats are targeted for robbery. It's a real concern to us, because it really impacts the safety of young people on the network." She added that this "acquisitive crime" was "very concerning, intimidating and frightening."

Task 4.

In a verdant, ages-old forest, there resided a

Luna, a rabbit unlike any other. Mesmerized by the night sky, she spent evenings gazing at the stars, dreaming of cosmic mysteries. Her curiosity was insatiable, differing greatly from her peers, who preferred the forest's tranquil life.

One clear night, Luna embarked on an ~~un~~expected journey. Guided by constellations, she ventured beyond known paths. She leaped over streams and navigated through the dense underbrush, her heart pounding ~~in her~~ with excitement. Her adventure took her to the tallest hill in the forest, just as dawn's first light over the horizon.

There, Luna beheld a sunrise of unimaginable beauty, a kaleidoscope of colors that stirred her

soul. This moment of awe brought a profound realization: stars may be mesmerizing, but her own world was equally splendid. Duma's story, a blend of celestial wonder and earthly beauty, became an enduring legend, ~~is~~ inspiring all to appreciate the magic of both distant dreams and beauty close at hand.

9. The story I'm going to tell you is a fairly simple one, but with a twist. It's about a day every-
~~I had an exam~~ thing in my life went wrong, but ended right.

I had an exam that decided my future that day. In fact, It was so important that I couldn't sleep the night before. I was still sure I could ace my exam though. But then I found out that my passport went missing. I started searching for it frantically, even waking up my mom in the process.

After some time of searching together, we gave up. My mom suggested that I could use a copy of my passport. I agreed with her, and just as I was about to walk out of the door, my mom said, "break a leg there." I looked back and, with a placid smile on my face, answered: "I am already in the process of it," and shut the door.

After some time walking, I felt as if my bag was getting lighter. I checked for its contents and found out that my belongings were not there, but instead on the streets. I felt like blacking out, and I did.

I woke up in my bed. My first impulse was to ask my mom about the situation, and so I found her. However, she only stared at me and told me that I aced my exam yesterday, and

everything was fine. It occurred to me that my story was just a product of my nightmares. I laughed at the irony of it all, of how our mind deals with matters that stress us out, and went to make my ~~usual~~ usual morning tea.
