around you. You have to be for opportunities who may try to steal them." He added that: "Thieves used to target Rolex watches ~~which~~ go for thousands of pounds and then sell them online." In verdant, old-aged forest, there resided Luna, a rabbit unlike any other. Mesmerized by the night sky, she spent evenings gazing at stars, dreaming of cosmic mysteries. Her curiosity was insatiable, differed greatly from her peers, who preferred forest's tranquilising life.

One clear night, Luna embarked on unexpected journey. Guided by constellations, she ventured beyond unknown paths. She leaped over streams and navigated through dense underbrush, her heart pounded with excitement. Her adventure took her to the tallest hill in the forest, just as dawn's first light crept over ^{the} horizon.

There, Luna beheld the sunrise of unimaginable

beauty, kaleidoscope of colors that stir her soul. This moment of awe brought profound realization: Stars are mesmerizing, but her own world is equally splendid. Luna's story, a blend of celestial wonders and earthly beauty, became an enduring legend, ~~inspire~~ all to appreciate ~~magic~~ the magic inspiring of both distant dreams and beauty close at hand.

~~New York - I believe this is the most popular state in the United States of America. Despite high cost of living and obvious problems of poorness and ecology, people are risking it all to live there. The most famous part of New York city itself is Central Park, which appeared in many well-known films~~

Task 9.

One day, when

~~(One day, I woke up rather peacefully)~~
~~night long with my friends, when I reached~~
my phone and checked the time, I realised

that I was late on the lectures in the university.
I rapidly ate some leftovers in the fridge,
while I was dressing up to leave the flat.
Unfortunately, I didn't remember where I put
my keys last night, so I have spent around
15 minutes more, trying to figure it out.
Finally, I ordered a taxi and was on my way
to the university. I was calling and texting
my friends, who supposedly were on the lecture,
to find out what they have been studying
~~on~~ but nobody answered. By that moment I
noticed the lack of cars on the road, which was
unusual however I switched my focus on other
thoughts.

When I approached the building of the university,
I opened the door and ran ~~up the stairs~~ ^{upstairs} ~~to the~~
~~lecture hall~~, where I believed the lecture was held.

But door of the lecture hall did not open
and I heard noises behind me. It was
a member of security service, who asked
where I had rushed. I said that I was
going on a lecture. He looked at me and
smiled; then he said that it was Sunday.
I was never happier before.
