3. There has been a spate of muggings in cities across the globe as muggers are focusing on a new item to steal - luxury coats. In recent weeks, people in London, Washington D.C., and other metropolitan areas have been robbed of their coats at knife point. One man in Birmingham in the U.K. was slashed across his face as thieves made off with his jacket. Criminals are targeting coats that cost as much as ~~literally stealing the~~ \$2,200 each. As well as literally stealing the coats off people's backs, thieves are breaking into people's vehicles. Professor David Wilson, a criminologist at Birmingham City University, warned that the muggings were the start of a new "luxury crime trend". He said the thefts were "worrying".

Professor Wilson warned those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canada Goose branded jackets to be careful and be aware of your surroundings and who is around you. You have to be vigilant for opportunists who might

try to steal them." He added that: "Thieves used to target Rolex watches which go for thousands of pounds and then sell them online". A London Transport spokesperson said: "Canada Goose coats are targeted for robbery. It's a real concern to us because it really impacts the safety of young people on the network." She added that this "acquisitive crime" was "very concerning, intimidating and frightening."

4. In a verdant, age-old forest, there resides Luna, a rabbit unlike any other. Mesmerized by the night sky, she spends her evenings gazing at the stars, dreaming of cosmic mysteries. Her curiosity is insatiable, greatly differing from her peers, who prefer a tranquil life of the forest.

One clear night, Luna embarks on an unexpected journey. Guided by the constellations, she ventures beyond known paths. She leaps over streams and navigated through dense underbrush, her heart pounding with excitement. Her adventure takes her to the tallest hill in the forest, just as the dawn's first light creeps over the horizon.

There, Luna beholds a sunrise of unimaginable beauty, a kaleidoscope of colors that stirs her soul. This moment of awe brings a profound realization: the stars are mesmerizing, but her own world is equally splendid.

Luna's story, a blend of celestial wonder and earthly beauty, becomes an enduring legend, inspiring all to appreciate the magic of both distant dreams and the beauty close at hand.

9. One day, I had a very important job interview, but everything started going wrong. My alarm didn't go off so I woke up late. Then, I spilled coffee on my white shirt and found out my car tire was flat. I had to take the bus, but the bus broke down and I had to walk a long way to the interview. I got there late, looking a mess, and thought for sure I wouldn't get the job.

But something unexpected happened. The person who was supposed to ~~do~~ interview me was also late because of traffic problems. She understood my situation and we ended up having a nice talk. It turned out that all the problems I had that morning showed her I was good at dealing with tough situations.
