Task 3.

There has been a spate of muggings in cities across the globe as muggers are focusing on a new item to steal - luxury coats. In recent weeks, people in London, Washington D.C. and other metropolitan areas have been robbed of the coats at naive point. One man in Birmingham in the U.K. was left across his face as thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2,200 each. As well as literally stealing the coats of people's backs, thieves are breaking into people's vehicles. Professor David Wilson, a criminologist at Birmingham City University, warned that the muggings were the start of a new "luxury crime trend". He said the thefts were "waring".

Professor Wilson warned those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canada goose branding jackets to be careful and be aware of your surroundings and who is around you. You have to vigilant for opportunists

who might try to steal them". He added that: "Thieves used to target Rolex watches which go for thousands of pounds and then sell them on a lane." A London Transport spokesperson said: "Canada geese coats are targeted for robbery. It's a real concern to us because it really impacts the safety of young people on the networks." She added that this "aggravated crime" was "very concerning, intimidating and frightening".

Task 4.

In a verdant, aged-old forest, there resided Luna, a rabbit unlike any other. Mesmerised by the night sky, she spent evenings gazing at the stars, dreaming of cosmic mysteries. Her curiosity was insatiable, different greatly from her forest peers', who preferred forest's tranquil life.

One clear night, Luna embarked on an unexpected journey. Guided by the constellations, she was venturing beyond unknown paths. She was leaping over streams and navigating through the dense underbrush, her heart pounded with the excitement. Her adventure took her to the tallest hall in the forest, just

as the dawn first light crept over the horizon.

There, Luna beheld the sunrise of unimaginable beauty, a kaleidoscope of colors that stirred her soul. That moment of awe brought a profound realization: stars were mesmerizing, but her own world was unequally splendid. Luna's story, a blend of celestial wonder and earth beauty, became an endured legend, inspiring all to appreciate magic of both distant dreams and beauty close to a hand.

Task 9.

I couldn't imagine a day worse. My cat pooped in my bed and I stepped on a bug while making my breakfast. But my toast didn't want to be eaten so it just burnt down. And it was my birthday.

The taxi was three times more expensive and I ran out of money - what a pleasure! It started to snow suddenly, too. In April.

My favourite latte which I had taken for myself and been savouring in my head was grabbed by my boss who told me: "You look too bad, coffee can't save you, anyway." Thanks, dear! (Or in this case "deez")

Then a clown entered the office. I'm not kidding, it was a real clown that shouted "The one who doesn't smile is a clown!" and gave me his colourful hair and red nose. I was depressed.

But it was all. When I returned home there were all my beloved people with presents, cakes, and good words. No more poops, high prices and clowns...
