3. There has been a spate of margins incities across the globe as manges are focusing on a new item to steal - luxury coats. In recent weeks, people in London, Washington D. C. and other metropolitan areas have been robbed of their coats at point. One man in Birmingham in the UK was slashed across his face as thieves made off with his jacket. Crimings are targeting coats that cost as much as \$2,000 each. As well as literally stealing the coats off people's backs, thieves are breaking into people's vehicles. Proffesor David Wilson, a criminologist at Buringham City University, want that the margins were the start of a new "luxury crime trend". He said the thefts were "worrying".

Professor Wilson want those with high-end winter jackets to be careful. He said "I would tell anyone wearing Canada goose branded jackets to be careful and be aware of your surroundings and who is around you. You have to be vigilant for opportunists, who might try to steal them. He added that "thieves used to target rolex watches which go for thousands of pounds and then sell them online". A London transport spokes person said: "Canada goose coats are targeted for robbery. It's a real concern to us because it really impacts the safety of young people on the network". She added that this "acquisitive crime" was "very concerning, intimidating and frightening".

4. In a verdant, age-old forest, there resided Luna, a rabbit unlike any other. Mesmerized by the night sky, she was spending evenings gazing at stars, dreaming of cosmic mysteries. Her curiosity was insatiable, differing greatly from her peers, who preferred forest's tranquil life.

One clear night, Luna embarked on unexpected journey. Guided by constellations, she ventured beyond known paths. She was leaping over streams and navigating through the dense underbrush, her heart was pounding with the excitement. Her adventure took her to the tallest hill in the forest, just as dawn's first light crept over the horizon.

There, Luna beheld a sunrise of an unimaginable beauty, a kaleidoscope of colors that stir her soul. This moment of the awe brought a profound reali-

zation: stars were mesmerized, but her own world was equally splendid. Luna's story, the blend of a celestial wonder~~re~~ and an earthly beauty, became endured legend, inspiring all to appreciate the magic of both distant dreams and a beauty close at the hand.
