Ashley was very brave, so she almost didn't feel horrified by this place. Suddenly, the girl heard a weird noise made by one of the branches, she looked up and saw that the woods turned into terrifying monsters, trying to catch her with their big arms. It made her want to run away. On her way from this absolute nightmare she noticed that the flowers turned into little fairies, who were screaming something on the top of their lungs and the grass suddenly became sticky and shiny.

After five seconds she woke up in her bed. Turned out Ashley got poisoned with the mushrooms in her salad, and it turned into memorable adventure in her dream. The girl started laughing very loud.
