One clear night, Luna embarked on an unexpected journey. Guided by constellations, she ventured beyond known paths. She leaped over streams and navigated through the dense underbush, her heart was pounding with excitement. Her adventure took her to

the tallest hill in the forest, just as
it started to dawn the first light crept
over horizon

There, Luna beheld the ^{set} sunrise of
unimaginable beauty, kaleidoscope of colors
that stirred her soul. This moment of awe

Task 9. "The Day Every^thing Went Wrong (But Ended Right)"
* ~~"Every thing went wrong (but turned right)"~~ is what my parents called my birth, so that nowadays I could call it my life. But seriously, my parents hated me, they used to encourage me to take candy from strangers.

And I know there was this one time, when everything that could go wrong went wrong, of course I don't remember it personally, but my parents filmed it, of course they did. It was the day of my birth, my mother got into labour and was about to birth this little gremlin, AKA me. The first thing that went wrong was that it was -30°C outside, if I knew what temperature was, I would have

rescheduled my birth ^{to} summer. Regardless,
we went to ER when the next thing went

wrong. The ER was full, normal people would have gone
to another clinic, but ~~not~~ my parents family.

Long story short I was born right next to the gynecolo-
gy cabinet. What a tease!

However, there is the "everything ended right"
part, and that part is me now. Look at me happily
writing this piece here. And would you believe, I
don't even look ugly anymore... in a dark room.
