Just when demographers are ringing alarm bells about ~~ever~~our population, Amazon founder Jeff Bezos says we need to populate our solar system. Mister Bezos was asked for his thoughts on humanity living in outer space in a thousand years time. He replied: "I would love to see you know, a trillion humans living in the solar system. If we had a trillion humans, we would have at any given time 1000 Mozarts and 1000 Einsteins... Space would be full of life and energy." He added that he wants to help "build heavy infrastructure that will be used by the space aeroplanes of future generations... So that ingenuitend imagination can

Task 9.

~~The sun was shining and the birds were singing. It was an average July's day in 2023. Then suddenly one of my friends, Vika, offered to go to another city for a~~

It was an average day at school, when I got a message from my close friend. She offered to meet and discuss some the events that had happened in our life recently. We were walking down the street while chatting when suddenly saw a strange situation: two people, a man and a woman were arguing when he slapped her face. My friend and I were shocked, but we decided to watch them at first and then make a decision to interrupt them or not.

As in this very moment they decided to have a real fight. We were frightened. Taking in consideration we were under ~~18~~ eighteen years old, we decided to call the police and not stop the ~~fight~~ ^{truffle}. When the police arrived, they still were punching one another, but when they saw the situation they were in and decided to stop. When they were asked what the hell was happening ~~right there~~, guess what they answered? They simply said, they were actors who decided to practice on street in their spare time. We all stood still for a minute but then burst into ~~our~~ laugh. The situation was funny but guilty faces of the culprits made matters worse.
