- ③ There has been a spate of mugings in cities across the globe as mugers are focusing on a new item to steal - luxury coats. In recent weeks, people in London, Washington D.C. and other metropolitan areas have been robbed of their coats at night point. One man in Birmingham in the UK was slashed across his face as thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2,200 each. As well as literally stealing the coats of people's backs, thieves are breaking into people's vehicles.

Professor David Wilson, a criminologist at Birmingham city university, warned that the muggings were the state of a new "luxury crime trend". He said the thefts were "worrying".

Professor Wilson warned those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canada Goose Branded jackets to be careful and be aware of your surroundings and who is around you. You have to be vigilant for opportunists who may try to steal them." He added that: "Thieves used to target Rollex watches with govt for thousands of pounds and then sell them online." A London transport spokesperson said: "Canada Goose coats are targeted for robbery. It's a real concern to do because it really impacts the safety of young people on the network." She added that this "exquisite crime" was "very concerning, ~~the~~ intimidating and frightening".

④ In verdant, age-old forest, there resided Luna, rabbit unlike any other. Mesmerized by the night sky, she spent evenings gazing at the stars, dreaming of cosmic mysteries. Her curiosity was insatiable, differing greatly from her peers, who preferred forest's tranquil life.

One clear night, Luna embarked on an unexpected journey. Guided by the constellations, she ventured beyond the unknown paths. She ~~she~~ was leaping over the streams and navigating through the dense underbrush, her

heart was pounding with excitement. Her adventure took her to the tallest hill in the forest, just as dawn's first light crept over the horizon.

There, Luna beheld sunrise of an unimaginable beauty, the kaleidoscope of colors that stirred her soul. This moment of awe brought a profound realization: the stars are mesmerizing, but her own world is equally splendid. Luna's story, blended of celestial wonder and earthly beauty, became an enduring legend, inspiring all to appreciate the magic of both distant dreams and beauty close at hand.

⑧ Texas is the largest of American states. General atmosphere there differs a lot from the one in Central ~~USA~~ America. For instance, a lot of people in Texas speak Spanish as it is really close to South America.

New York is a centre of american cultural and fashion life. The New York Fashion Week is a proof to that. It is held annually and

attracts fashion icons from all over the world.

Virginia state is named after Queen Elizabeth, being known as 'Virgin Queen'. The reason for that is the fact that Virginia is the first British colony in America, founded during the reign of Queen Elizabeth.

Rhode Island is named after the first american colony which disappeared without a trace.

A lot of rumours go around this legend, but the reasons may be simple - diseases and a lack of skills for cultivating new land.

New Hampshire preserved an atmosphere of an authentic English village. It is known as the motherland of the English most influential and well-known poet - William Shakespeare.

Washington is the capital of USA. It is the head state and most of the government offices are located there. This state is well-urbanized. It has great architecture and a lot of parks.

⑨ The Day Everything Went Wrong (But Ended Right)

One gloomy Tuesday, I woke up feeling lost. As you will see later on, this feeling chased me the whole day. My district was out of hot water, so I couldn't take a proper shower. My fridge broke down, my dog teased

apart the new rug - everything promised to be just terrible.

I got to work an hour late ^{and} was told off by my boss. That moment I was on the verge of bursting into tears. As if it wasn't enough, in the middle of the day my sister called me and said that she was at hospital - she broke her leg. So, the next two hours I spent sipping bad coffee by the hospital bed.

I suppose I don't need to go further into the details - you get the idea. When I came home, I started reading cheesy philosophical books.

It's my guilty pleasure and the only thing that gives me comfort. And wonders happen! You won't believe me, but that night I went to sleep thinking that I will be blessed for my sufferings.

The moral of the story - even the worst days can be fixed with the right book.
