Task 3.

There has been a spree of ~~my~~ muggings in cities across the globe as muggers are focusing on a new item to steal - luxury coats. In recent ~~years~~ weeks, people ~~have~~ in London, Washington D.C. and other metropolitan areas have been robbed of their coats at knife point. One man in Birmingham in the UK was slashed across his face as thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2,200 each. As well as literally stealing the coats off peoples' backs, thieves are breaking into peoples' vehicles. Professor David Wilson, a criminologist at Birmingham City University, found that the muggings were the start of a new "luxury crime trend". He said the thefts were "worrying".

Professor Wilson warned those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canadian branded jackets to be careful and be aware of your surroundings and who is around you. You have to be vigilant for opportunists who may try to steal them." He added that: "Thieves used to target Rolex watches which go for thousands of pounds and then sell them online." A London transport spokesperson said: "Canadian coats are targeted for robbery. It's a real concern to us, because it really impacts the safety of young people on the network." She added that this "sensitive crime" was "very concerning, intimidating and frightening".

Task 4

In a verdant, age-old forest, resided Luna, a rabbit unlike any other. Mesmerized by the night sky, she spent evenings gazing at the stars, dreaming of cosmic mysteries. Her curiosity was insatiable, differing greatly from her peers, who preferred the forest's tranquil life.

One clear night, Luna embarked on an unexpected journey. Guided by constellations, she ventured beyond known paths. She leapt over streams and navigated through dense underbrush, her heart pounding with excitement. Her adventure took her to the tallest hill in the forest, just as dawn's first light crept over the horizon.

There, Luna beheld a sunrise of unimaginable beauty, a kaleidoscope of colors that stirred her soul. That moment of awe brought profound realizations: stars were mesmerizing, but her own world was equally as splendid. Luna's story, a blend of celestial wonder and earthly beauty, became an enduring legend, inspiring all to appreciate the magic of both distant dreams and the beauty close at hand.

Suffice to say, but Samuel's day has slowly become worse and worse.

With only one person left in front of him, Samuel sighed. Out of nowhere, the coffee shop's doors flew open, and in walked some guy wearing a suit.

"I am Important politician!" He exclaimed, "Now close this coffee shop with everyone still in it!" Important politician smirked. Samuel's face fell and he thought to himself: "Oh dear, and I really needed to go to school today," he sighed.

His whole ~~day~~^{day} until that point ~~was absolutely~~^{was absolutely} miserable. Though the time he spent ~~with~~ with his friends was the best in his life.
