Task 3.

There has been a spate of muggings in cities across the globe as muggers are focusing on a new item to ~~steal~~ steal — luxury coats. In recent weeks, people in London, Washington DC and under metropolitan areas have been robbed of their coats at naive points. One man in Birmingham in the UK was slashed across his face as thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2,200 each. As well as literally stealing the coats of peoples' backs, thieves are breaking into peoples' vehicles. Professor David Wilson, a criminologist at Birmingham city university, want that the muggings were the state of a new: "luxury crime trend". He said

the thieves were "worrying".

Professor Wilson want those with high-end ^{or} winter jackets to be careful. He said: "I would tell anyone wearing Canada goose brended jackets to be careful and be aware of your surroundings and who is around you. You have to be vigilat for opportunists who might try to steal them". He added that: "Thieves used to target Rolex watches with goal for thousands of pounds and then sell them on-line". A London ~~th~~transport spokesperson said: "Canada goose coats are target ed for robbery. It's a real cansion to us because it really impacts the safety of young people on the network." She added that this "aquisitive crime" was "very cansioning, intimidatng and frightening".

Task 4. In a verdant, aged-old forest, there resided Luna, a rabbit^ulike any other. Mesmerized by

night sky, she spent evenings gazing at stars, dreaming of cosmic mysteries. Her curiosity was insatiable, differing greatly from her peers, who preferred forests tranquil life.

One clear night, Luna embarked on an expected journey. Guided by constellations, she ventured beyond the known paths. She leapt over streams and navigated through dense underbrush, her heart was pounded with excitement. Her adventure took her to the tallest hill in the forest, just as dawn first light crept over horizon.

There, Luna beheld sunrise of the unimaginable beauty, kaleidoscope of colours that stirred her soul. This moment of awe brought a profound realization: stars were mesmerized, but her own world was equally splendid. Luna's story, blend of celestial wonder and earthly beauty, ^{has} become an endure legend, inspiring all to appreciate magic of both: distant dreams and ~~but~~ beauty close at hand.

Task 9.

"The Day Everything Went Wrong (But Ended Right)"

«Once I fell asleep with a thought: "Hope, tomorrow I'll get that job". Next morning I woke up, went to the bathroom, willing to brush my teeth, when my toothpaste's package was damaged so all the paste was on the floor... "Okay", I said to myself, "everything will be fine". Coping with my work stuff like packing the computer and finishing my hair for the interview, I got my toasts burnt and eggs overcooked. Being hungry, hurrying to be on time, I realised that I'd left my bag at home. I didn't have time to turn over and get it, so I just tried ^{not} to be late. That was literally impossible because I didn't even reach the bus stop when the

transport had already left. Everything went wrong... I was late for the interview, so they didn't even listen to me. It was a complete disappointment. After that try to get a job, I went straight to the "Donut shop" to eat as much as I could and become joyful and optimistic again. I was about to break into tears when I heard: "There are no apple-filled donuts today". So I just sat down in the corner, felt blue.

"Hey, what's wrong?", cute male voice asked me. "Nothing", said I, sneezing that everyone at the shop could hear. =>

"That how I met your father", mom said, "He shared his donut with me, but then I flipped it on the floor...again."
