The main character was a boy, who was known for his laziness, procrastinating.

The worst habit of this boy was procrastinating. He ~~did things~~ completed tasks later, than he should.

Rohan was excited, he wanted to get an advice, boy looked up to him.

Mr. Gupta was found in the village, under the large tree.

Mr. Gupta used a glass, to symbolize the importance of time.

Boy learned to prioritize tasks, complete^a them one by one, ~~setting~~ ~~set goals~~ but the most important advice was to set goals.

Rohan became a successful person, he has done things, that ~~he was planning to do~~ ~~late~~ has been planning to do late for years.

The story shows, that ~~by the right~~ ~~relati~~ person can change his life just by ~~chang~~ changing his relationships with time.

Rohan realized, that time isn't only about completing tasks, but about spending the time with family and friends, developing strong relationships.

The most important lesson of story is ~~the~~ to understand that time is the precious but a limited resource.

Task 7.

In my opinion, the bad quality of ~~ecoles~~ air is the worst disadvantage of living in a big city. In such city there are too many people, so ~~it is~~ it's really noisy there. ~~Usually~~ ~~It's also~~ Not only that, but also the fact that at night ~~it's~~ usually really light on ~~the~~ the streets, may ~~be~~ lead to problems with sleep. All these reasons ~~are~~ ~~serie~~ can be the arguments to choose the countryside. Nevertheless, life in ^{the} city has a lot's of advantages.

The "Teen Social Networking Stats" diagram shows ~~how active~~ the ~~activities~~ activity of adolescents in social networks.

Nowadays ~~est~~ social networks ~~are~~ is a convinient way to communicate ~~that's why~~ so ~~why~~ about 46% of teenagers ~~and~~ chat with the freinds of them every day and 22% ~~log use~~ ~~use~~ Face book really often. According to diagram, not only teenagers ~~use~~ use ~~to use~~ social networks. Quarter of Facebook users are kids under the age of 10.

to communicate

In my opinion, teenagers prefer online because they may ~~feel~~ ~~to feel~~ ~~and~~ ~~feel~~ embarrassed to meet someone in real life. Furthermore, it is easier to find ~~a~~ a person with ~~interests~~ ~~that are~~ ~~close to yours~~ the same interests.

I would like to mention, that I truly believe that ~~young~~ little kids should not use social media. Firstly, it ~~isn't~~ is not good for their health, because all gadgets can completely destroy eyes and mental health of a young children. ~~Not only that but also the fact that~~ There are ^{also} lots of really dangerous people ~~pret~~ pretending to be same age with child. ~~state that parents should control going children's~~ ~~# for better~~ when it comes to the internet.

I think, social media is an amazing ~~time~~ way to communicate, find information, but you should use ~~it~~ & it carefully.
