Firstly, the most of teenagers (73%) are on social networks such as YouTube, Instagram, Facebook and so on. A lot of teenagers ~~to write~~ ~~their~~ post their photos in different media. In my opinion, it's the most popular answer, because using social networks helps ~~us~~ ^{them} to express their feeling, ideas and thoughts. Also, 37% of teenagers send messages to friends every day. I think they do it, because they have a lot of themes to discuss with their friends. Unfortunately, 25% of ~~teenagers~~ Facebook users are under the age of 10. The Internet can be so dangerous for Kids. I advice all parents to ~~have~~ ~~discuss~~ ask their kids, what networks they are interested in.

All in all, Social Networking is Very important part in ~~the~~ teenagers' lives. Using networks helps them to communicate with friends and express their thoughts.
