Mister Besos ~~con~~ conceives of people living in giant space. He said most inhabitants of this would visit yours for weekends. He invisions our planet ^{to its} ~~to its~~ environment, as factories would be built in space. He said they would exploit resources on the Moon or on asteroids instead of using up yours.

Task 4.

In a vibrant coastal town, Zoe, a young chef with an extraordinary talent, thrived. Fascinated by exotic flavours, she dedicated her life to creating innovative dishes, her skills far surpassing those of her traditionalist colleagues.

One brisk morning, Zoe embarked on a spontaneous quest for culinary inspiration. Driven by her passion for unique ingredients, she explored local markets and remote fish villages. She wandered through bustling bazaars, her senses alighted with an array of spices and fresh seafood. Her search brought her to a hidden cove at dawn, just as fishermen were bringing in their early catch.

There, Zoe discovered a rare fish, its flavour was unlike anything she had ever tasted. This discovery ignited a burst of creativity: the ocean's bounty was exhilarating, but there were unexpected finds that truly inspired her. Zoe's culinary adventures, blending traditional techniques with avant-garde tastes, soon became legendary, inspiring others to explore and embrace diverse flavours of the world.

Task 9

"A misadventure Turned Adventure"

Once upon a time, I decided to visit Austria. I bought tickets, booked a hotel and started preparing for my trip and, in fact, really looked forward to it.

I learnt facts about Austrian culture and was so excited that when the day of my departure came, I appeared at the gate of my flight 4 hours earlier. I spent time wandering. The airport was a melting pot, consisting of the hustle and bustle, dozens of nationalities and a range of emotions. Some people were smiling, some people were crying as they didn't want to say goodbye to their beloved ones. However, I was dreaming about Austria.

My flight was much longer than expected. The plane passed islands, seas and tropics, which were quite unusual for Austria. I was so shocked when I understood I was flying to Australia! I became so blue that I spent a week in the cheapest hotel without going out.

Fortunately, I decided to explore this country. I went on various trips to natural attractions, visited museums and even made friends with several Australians. I understood that though I wanted to visit Austria, Australia turned out to be more picturesque, enjoyable and adventurous. As it is said, every cloud has a silver lining!
