Nº 9 One day 3 men were sent to the store to buy some bread. One of them, Misha, suggested visiting his old friend since he lived nearby. Misha's friends agreed and the guys headed to the friend's house.

- What's his name? - Petya, one of the guys, asked.
- Jauh, - Misha answered.
- Is he American? - the last man, Kolga, asked.
- He is.

As they reached the destination, Jauh briefly introduced himself and suggested drinking some vodka. When everybody had already been drunk and rather enthusiastic, Jauh called everyone into his bedroom and pointed at the wardrobe. He said that it could teleport¹⁰⁰ everybody to the land of Magic. "Impossible!" Petya said and stepped into the wardrobe. In a moment he opened his eyes in a picturesque valley full of magical creatures. Soon all the men were standing near Petya.

- Cool. How do we go back? - Misha questioned Jauh.
- Easily. We must kill a dragon.

The glorious 4 started conquering kingdoms and fighting monsters. Finally they killed the dragon and got back. 14 years had passed, Misha's son had become an adult, his wife had married another man. Anyway, Misha's able to see his ex-wife.

- Misha? - she hugged him. - Wait, where's bread I've sent you for?²⁰⁰

In a vibrant coastal town, Zoe, a young chef with an extraordinary talent, was thriving. Fascinated by exotic flavors, she dedicated her life to creation of innovative dishes as her skills had far surpassed those of her traditionalistic colleagues.

One brisk morning, Zoe embarked on spontaneous quest for culinary inspiration. Driven by her passion to unique ingredients, she was exploring local markets and remote fisher villages. She wandered through the bustling bazaars, her senses alighted with the array of spices and fresh seafood. Her research brought her to a hidden cove at dawn, just as a fisherman is being brought in their early catch.

There, Zoe discovered a rare fish, its flavour was unlike anything she had ever tasted. This discovery ignited a burst of creativity: ocean's beauty be exhilarating, but there had been unexpected finds that truly inspired her. Zoe's culinary adventures and blending traditional techniques with avant-garde tastes, soon became legendary, inspired others to explore and embrace the diverse flavors of the world.

He added that he wants to help "build heavy infrastructure that will be chosen by the space entrepreneurs of future generations" so that ingenious imagined can really be uplift.
