Just when demographers are ringing alarm bells about ~~the~~ overpopulation, "Amazon" founder Jeff Bezos says we need to populate all Solar System. Mister Bezos was asked for his thoughts on humanity living in ~~the~~ outer space in a thousand years' time. He replied: "I would love to see it now, a trillion humans living in the Solar system. If we had a trillion humans, we would have at any given time 1000 Mozarts and 1000 Einsteins... Space would be full of life and intelligence and ~~other~~ energy." He added that he wants to help "build heavy infrastructure that will be by the space entrepreneurs of future generations... So that ingenuity and imagination can really be".

Mister Bezos' thoughts are by fellow ~~multi-billionaire~~ multi-billionaire Elon Musk, owner of "X" (formally known as "Twitter"). In 2021, he said of the human race: "We

don't want to be one of those single-planet species;
we want to be a multi-planet species."

Mr Musk warned that "population collapse due to
low birth rates is a much bigger risk to civilization than
global warming... mark these words." Mr Bezos can
of people living in giant space stations. He said most
inhabitants of this would visit Earth for vacations. He
envisioned our planet returning to its pristine environment
as factories would be built in space. He said this would
exploit resources on the Moon or on asteroids instead of
using up Earth's.

In a vibrant coast town, Zoe, a young chef with
extraordinary talent, thrived. Fascinated by exotic flavors,
she dedicated her life to creating innovative dishes, her skills
far surpassing those of her traditionalist colleagues.

One brisk morning, Zoe embarked on^a spontaneous quest for culinary inspiration. Driven by her passion for unique ingredients, she explored local markets and remote fish villages. She wandered through bustling bazaars, her senses alight with an array of spices and fresh seafood. Her search brought her to hide in a cove at dawn, just as the fishermen brought in their early catch. There, Zoe discovered a rare fish, its flavor was unlike anything she had ever tasted. This discovery ignited a burst of creativity: the ocean's bounty was exhilarating, but there ~~was~~ were unexpected finds that truly inspired her. - Alaska: The territory of Alaska originally belonged to the Soviet Union until it was given to the United States. There aren't many people living there, as Alaska is located in the North and it's very cold there.
- Florida: On the Internet, Florida became a popular state to joke about. People often laugh at stereotypes about Floridians, saying they fight alligators. You can find a lot of funny articles about people from Florida committing unserious crimes.
- Hawaii: Hawaii is very famous as a tourist destination. Located on an island, the state has many beautiful beaches and other things that attract foreigners. People who live there normally, however, dislike all the commotion tourism causes.
- Louisiana: Louisiana is one of the southern states, which means there are a lot of Mexican immigrants there. The percentage of the Spanish-speaking population is very high, making it pretty culturally diverse.
- Kentucky: People love fast food, especially Americans. One of the most popular fast food chains is called "KFC", which stands for "Kentucky fried chicken". Now people all over the world know the state of Kentucky because of it.

Tom was known as an active, but very destructive kid. One day, while playing in a classroom, Tom broke the whiteboard. His parents were really mad.

"Do you know how much a whiteboard costs?" His mother asked him angrily. "You're grounded! You need to only do your homework until the evening, and if it's not done by then, you'll be in big trouble!"

His parents were sure they had taught ~~him~~ ^{their kid} a lesson, however Tom always managed to find a way to have fun.

Not knowing any better, his parents left for a car ride to the supermarket. They would only return in the evening. Tom started doing his homework. He found his old crayons and paints, feeling delighted and ready to ~~cause~~ ^{wreak} havoc. Finally, after hours of work, Tom heard his parents' car parking outside. He rang out of his room to open the front door for them, and when they ~~step~~ ^{stepped} in, ~~they're in shock~~. They were in shock.

The house ~~is~~ ^{was} covered wall to wall ~~in~~ in colorful messy drawings. "Tom, I thought I told you to do your homework!" His mother shouted. "This is my homework! My art teacher will be very happy!" He replies.
