Task 9

It was 21st of October, the day of my brother's birthday. He ~~was~~ ^{was} turning 5 so it's no wonder that he was that excited about this event. Of course we had already prepared a present for him - a brand new car with remote control. But everything went wrong as we started to wrap his present. Our mom ~~for~~ forgot to buy ribbons, dad who was responsible for decorations, didn't call his friend who was to help us and I messed up a cake that we wanted to give him. Everyone was anxious and furious at each other as we wanted to throw an unforgettable birthday party for him.

Suddenly, we heard a phone call even though we didn't expect anyone to call us. It turned out to be my sister who moved to another country. She said that she would come in an hour with cake and balloons and asked if we needed ~~something~~ anything else. Everyone sighed with relief. We had only 2 hours to finish everything and we managed to it! As my little brother entered the house it was not presents or cake that he was happy to see, it was his favourite older sister!
