③ Just when demographers are ringing alarm bells about overpopulation, Amazon founder Jeff Bezos says: "We need to "populate" our Solar System." ~~He says~~ ~~Bezos says~~ ~~He~~ Mr. Bezos was asked for his thoughts on humanity living in outer space in a thousand years time. He replied: "I would love to see, you know, a trillion humans living in the Solar system. If we had a trillion humans, we would have at any given time 1,000 Mozarts and 1,000 Einsteins... Space would be full of life and intelligence and energy." He added that he wants to help build heavy infrastructure that will be used by the space entrepreneurs of future generations. So that our and imagination can really be unleashed.

 Mr. Bezos' thoughts are echoed by fellow multi-billionaire Elon Musk, owner of X (formally known as Twitter). In 2021 he said of the human race: "We don't want to be one of those single-planet species, we want to be a multi-planet species." Earlier this year Mr. Musk warned that: "Population collapse due to low birth rates is a much bigger risk to civilisation than global warming... Mark these words". Mr. Bezos envisions of people living in giant space stations. He said: "Most inhabitants of these would visit Earth for vacation. We envision our planet returning to its pristine environment; as factories would be built in space. He said they would exploit resources on the Moon or on asteroids instead of using up Earth's."

(4) ~~The~~ In a vibrant coast town, Zoe, young chef with an extraordinary talent, thrived. Fascinated by exotic flavours, she dedicated her life to create innovative dishes, her skills far surpass those of her traditionalist colleagues.

One brisk morning, Zoe embarked on spontaneous quest for culinary inspiration. Driven by her passion for unique ingredients, she explored local markets and remote fish villages. She was wandering through bustling bazaars, her senses were alighted with an array of spices and fresh seafood. Her search brought her to a hidden cove at dawn, just as fishermen were bringing in their early catch.

There, Zoe discovered new fish, its flavor unlike anything she had ever tasted. This discovery ignited a burst of creativity: ocean's bounty

was exhilarating, but there were unexpected findings that truly inspired her. Zoe's culinary adventures, blending^(ing) traditional techniques with avant-garde tastes, soon became legendary, inspiring others to explore and embrace diverse flavors of the world.

⑨ "A Misadventure Turned Adventure".

Rarely do strange occasions happen to me, but this ~~one~~ first strikes my mind in the conversation of weird, yet funny stories. When I flew to Poland Several years ago with my friends several years ago, everything was closed due to the lockdown. The place we were intending to go for was locked up as well. Left with neither choice nor any kind of entertainment, we went to the nearby hotel. When we were ~~the corner~~ practically there, a strange scene occurred before our eyes. An old woman was hitting people on street with balloon boxing gloves while yelling some gibberish about Covid-19. All this on the streets of Warsaw! We approached her understanding there

One of the agricultural backbones of the USA is the Mississippi State. From the first sight, ~~it~~ seems there is nothing more to discover there in metaphorical sense. But blues musicians changed the rules of the game when become popular. Blues musicians of other countries would look up to Mississippi's style.

Hawaii

The only state which is ... the group of islands. A lot of UFC fighters are from there. That's no brainer: though it seems ^a quite a place, the insulation of the area from the main country coerced these people to be rough.

- 5) Greedflation - the excess of greed of people towards each other
- 5) ~~Warfare~~ Beige Flag - a flag of surrender.

Florida

Miami, the capital of Florida, is considered
a godless city

was nothing more interesting ~~as~~ than interacting with this weirdo, considering the lockdown measures. She was speaking to us for a good 1,5 hours. When we wanted to leave, tired of the senseless talks, she stopped us and handed out 1000 \$ to each of our group. Then she left the street and put off the gloves. ^{As} My fellows

~~were elated to ^{have gotten} ~~get~~ some free money, I was having only one question — what was this? Since then, I haven't answered.~~

~~As my fellows were elated because of "free" money, I was having only one question on my mind — what was this? Since then, I haven't answered.~~

(8) Alaska:

Alaska is famous for its history connected with Russia. The ruler of ^{the} Russian Empire of that time would sell the land of modern Alaska due to the remoteness of the mentioned area.

California

California or the "Golden State" is well-known over the world for its main city - San Francisco. There were a lot of songs, books mentioning both State and its capital, even in Russian culture. The "Identifier" of San Francisco is the Golden Bridge. In famously known site of Alcatraz is in the waters of Cali too.
