Just when demographers are ringing alarm bells about away population, amazing founder Jeff Besos says we need to, populative Solar system. Mister Besos was asked for his thoughts on humanity living in outer space in a thousand years time. ~~He replied:~~ Awful He replied: "I would love to see you now, a trillion humans living in the Solar system. If we had a trillion humans, we would have at any given time 1,000 Mozarts and 1,000 Einsteins... Space would be full of life and intelligence and energy." He added that he wants to help "build heavy infrastructure that will be just by space intreprenses of future generations..."

So that in the new attend imagination can really be uplift.

Mister Besos thoughts are by fellow multi-billioner Elon Musk, owner of X (formally know as Twitter). In 2021, he said of the human race: "We don't want to be one of those single-planet species; we want to be a multi-planet species." Earlier this year, mister Musk wound that "population collapse due to low biorates is a much bigger risk to civilization global warming... Musk these ~~wrote~~ words." Mister Besos can see those of people living in giant ~~space~~ space stations. He said most inhabitants of theese would visit Earth for vacations. He invisions away planet returning to its pristin environment, as factories would be built in space. He said they would explicit ~~re~~resources on the Moon air and asteroids instead of juicing up Earth.

In vibrant coast town, thrived Zoe, young chef with extraordinary talent. Fascinated by exotic flavours, she dedicated her life to creating innovated dishes, her skills far surpassed those of her traditional colleagues.

One brisk morning, Zoe embarked on a spontaneous quest for culinary ~~inspirator~~ inspiration. Driven by her passion for unique ingredients, she explored local markets and ~~re~~ remoted fish villages. She wandered through bustling bazaars, her senses were alight with array of spices and fresh seafood. Her search brought her to a hidden cove at dawn, just as fishermen brought in their early catch.

There, Zoe discovered rare fish, its flavour was unlike anything she has ever tasted. This discovery

ignited burst of creativity: ocean's bounty was exhilarating, but there were unexpected finds that truly inspired her. Zoë's culinary adventures blended traditional techniques with avant-garde tastes, soon became legendary, inspired others to explore and embrace diversified flavours of the world.

N9 A Misadventure Turned Adventure

It was a hot sunny day in our village. Everyone was exhausted because of the weather. I was nearly dying when my mom came to me and asked me to go her friend and ~~take~~ lend some milk. I couldn't say "no" to my mother, so I left.

My way there was horrible, I couldn't even breathe properly. When I arrived it seemed like no one was at home. I wanted to cry and shout at the same time. But then I heard a strange noise coming from somewhere behind me. When I turned around, I saw two boys running far away from me ~~in the forest~~ ^{in the forest} I could only hear their voices and see ~~them~~ them moving ~~in the trees~~. I quickly ~~came~~ came to them.

I can't even express my surprise when I arrived. These boys were running around a pond, trying to throw each other in there. They told me that they were playing a game where the one ~~stay~~ who keeps staying on the ground the longest is the winner. ~~I asked if I could play with them and they agreed.~~

Of course, when we started playing I was the first one to lose. I ~~felt~~ ^{was} relieved when I felt cold water all around me.

This was one of the coolest and funniest days in my life.
