Professor David Whilson, a criminologist at Birmingham City University, warned that the muggings were the start of a new "luxury crimetrend". He said the thieves were working ^{thefts}.

Professor Whilson warned those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canada Goose branded jackets to be careful and be aware of your surroundings and who is around you. You have to be ^{for} opportunists who might try to steal them." He added that: "Thieves used to target Rolex watches which go for thousands of pounds and then sell them online." A London transport spokes person said: "Canada Goose coats are targeted for robbery. It's a real concern to us, because it really impacts the safety of young people on the network." She added that this "acquisitive crime" was "very concerning, intimidating, frightening".
