Just when demographers are ringing alarm bells about overpopulation, Amazon founder Jeff Bezos says we need to populate our solar system. Mr. Bezos was asked of his thoughts on humanity living in out of space in a thousand years ~~term~~ time. He replied: "I would love to see, you know, a trillion people humans living in the solar system. If we had a trillion humans we would have at any given time 1,000 Mozarts and 1,000 Einsteins... Space would be full of life and intelligence and energy." He added that he wants to help "build heavy heavy infrastructure that will be just by the space entrepreneurship of future generations so that ingenious imagination can really be unleashed."

Mr. Bezos' thoughts are repeated by multi-billioner Elon Musk, owner of X (formerly known as twitter). In 2011, he said of the human race: "We don't want to be one of these single-planet species, we want to be multi-planet species." Earlier this year, Mr

Mark word that "Population collapse due to low birth rates is much bigger risk to civilization than global warming... mark these words" Mr. Bazar censures of people living in giant space stations. He said most inhabitants of this world visit ~~this for vacations~~ Earth for vacations. He envisions our planet returning to its pristine environment, as factories would be built in space. He said they would exploit resources on the Moon or on asteroids instead of using up Earth's.

Task 4.

In a vibrant coast town, Zoe, a young chef with extraordinary talent, thrived. Fascinated by exotic flavours, she dedicated her life to creating innovative dishes, her skill far surpassed those of her traditionalist colleagues.

One bright morning, Zoe embarked on a spontaneous quest for a culinary inspiration. ~~Fascinated by exotic flavours~~, driven by her passion for unique ingredients, she had explored ^{the} local markets and remote the fish villages. She wandered through a cove in dawn, just as fishermen had brought in their early catch.

There, Zoe discovered a rare fish, its flavour unlike anything she have ever tasted. This discovery ignited the burst of creativity: ocean's bounty was exhilarating, but there were unexpected finds that have truly inspired her. Zoe's culinary adventures, blended traditional techniques with avant-garde tastes, soon became legendary, inspiring others to explore and embrace the diverse flavours of the world.

Task 9.

Once upon a time there lived a funny little monkey who played with her friends in the jungles. Her name was Vecha and she was always mischievous and active.

One day, she decided to look for some new adventures and set off ~~to the~~ deep in the jungles. She has seen a lot of things, but they all were not new or intriguing for her. Vecha was really disappointed and devastated and exclaimed: "That's not fair, I've already seen everything in our jungles, it's time to discover something brand new!"

And with this words, she rushed to the opposite side of the jungles.

An hour later, Vecha reached the end of the jungles. Suddenly, she noticed an unknown round - shape object. "That must be a new fruit or toy!" she thought and picked up the ball. But the moment she picked it up, the ball started flashing

and vibrating. The next moment a loud noise ran through the whole jungle. Other monkeys ran towards the place from where the sound started and saw a Vesta, lying on the ground all covered in black dust and with her hair popping in all sides, making her look like a huge black hairy ball. Wiping the dust from Vesta's body was an adventure for all of the monkeys, because it couldn't be wiped out and they all searched for something they could clean the little monkey. Since then, she never touches unknown things.
