Task 9.

The Day Everything Went Wrong (But Ended Right)

I woke up at 6:59 ~~am~~^{am} and realised that I overslept for an entire minute, and I didn't have time to question myself what's the purpose of waking up exactly two minutes before the alarm, so I had no idea how to continue my day. "Oh, hi, O!" - I greeted my sister Oly. ~~But~~ Then there was such a big hole in my memory, that I can only remember being in the airplane flying to Ohio. Parents told me that my dream to live in Ohio would come true, yet I never really wanted to ~~live~~ live there. Parents replied that they don't care. Reasonable, but I still had one unsolved problem, that'd been on my mind since the early morning, why are 2 minutes of the "Wake me up" song so good? Nonetheless, we finally got to our new home in Ohio. My friend saw my sibling and said "Oh, hi, O!" I was confused, I mean, why he had called my sister "Ohio"? However, I found out that I had woken up on time, but my clock was broken. I finally had time to answer on a question, why do I wake up 2 minutes before the alarm, and eventually I found out: to question myself again.
