⑦ In my opinion, there are some advantages and some disadvantages of living in a big city. No doubt, big city gives you a nice opportunities for work and education, but some people don't find it very necessary. Perhaps, your friend is one of them. I assume your friend may dislike mess and loud that every big city ^{has} ~~have~~. Big cities also don't have very good ecology and it also may be one of reason to hate living in a big city.

⑧ The diagram shows us the teen social networking status. According to the diagram ~~teens use so~~ there are approximately ~~43%~~ 43% teenagers who are on social networks. But I think nowadays every single teen is on social networks. It's easy to notice that teens and even kids ~~are~~ just don't put their phones down. One of the reasons for it is a strong social anxiety. Teenagers feel safe on social media because it's the place where you can show your real thoughts with no risk to be judged. ~~For~~ Internet users ~~never~~ see your real face. And even if you made a mistake you can always delete your message or comment. ~~Internet users never~~ saw you. There is also no need to show your real face despite real life. ~~These opportunities~~ And it's really hard to learn how to be in touch with real people, so more and more teens choose the ^{easiest} ~~easy~~ way. ~~I can't say how we can what the relief for this problem~~
