In my opinion, the friend of yours could give ~~a~~ lots of ~~different~~ reasons why she hates living in the countryside. But I'll tell you the most common ones. At first, everything is too far away. It means that work and entertaining things are in the city and you have to ride about twenty minutes to reach them. Secondly, there are not many supermarkets in the countryside, ~~and it's not convenient~~. And last but not least, you have to keep your countryside house ~~at~~ clean and it's ~~harder than~~ hard ~~because you have a backyard~~.

Task 8

Nowadays ~~a~~ many teenagers have similar rhythm of living. And in this pie chart we can see that 30% of ~~teen~~ an average teenager's time is sleeping, eating and studying both are 15%, and videogames, online, phone/texting and sports all are 10%.

I suppose, sleeping is the most important thing in our lives, so this section explains itself. In my opinion, studying is the future of teenagers, and they ~~under~~ understand it, so teens ~~th~~ try their best ~~to~~ to be successful in the future. And this way it really takes about 15% of daily activities or even more. Eating is also important, teenagers need to eat a lot because their bodies are growing. I guess, texting and online are important for teens because it helps ~~they~~ them to keep in touch with their friends. And lastly, ~~many~~ ^{so} many teenagers ~~love~~ need time to relax, ~~and~~ ^{so} sports and videogames help with that. Also, sports and videogames are great topics ~~among~~ ~~for~~ teens to talk about.
