Task 3.

Just when demographers are ringing alarm bells about our population, amazing founder Jeff Basiz says we need to populate our solar system. Mister Basiz was asked for his thoughts on humanity living in the outer space in a thousand years time. He replied: "I would love to see you now, a trillion humans living in the solar system. If we had a trillion humans, we would have at any given time 1000 'Newtsants and 1000 Einsteins... Space would be full of life and intelligence and energy. He added that he wants to help build heavy infrastructure that will be used by the

space entrepreneurs of future generations ... so that engendered imagination can really be uplift.

Mister Basiz thoughts are accented by fellow multi-plan ~~billionaire~~ billionaire Elon Musk, owner of X (family known as Twitter). In 2021, he said of the human race: "we don't want to be one of these single-planet species; we want to be a multi-planet species earlier". Mister Musk would add: "population collapse due to low birth rates is a much bigger risk to civilization than global warming... mark these words". Mister Basiz can see of people living in ~~the~~ giant space stations. He said most inhabitants of these would visit Earth for vacations. He envisions our planet returning to its pristine environment as factories would be built in space. He said they would exploit resources on the Moon or on asteroids instead of using up Earth's.

Task 4,

In a vibrant coast town, Zoe, young chef with an extraordinary talent, thrived. Fascinated by exotic ~~flavours~~ flavors, she dedicated her life to create innovative dishes, her skills far surpassed those of her traditionalist colleagues.

One brisk morning, Zoe embarked on a

spontaneous quest for culinary inspiration. Driven by her passion for unique ingredients, she explored local markets and remote fish villages. She wandered through bustling bazaars, her senses alightened with an array of spices and fresh seafood. Her search brought her to a hidden cove at dawn, just as fishermen brought in their early catch.

There, Zoe discovered a rare fish, its flavor was unlike anything she has ever tasted. This discovery ignited a burst of creativity: the ocean's bounty was exhilarating, but there were unexpected finds that truly inspired her. Zoe's culinary adventures, blended traditional techniques with avant-garde tastes, soon became legendary, inspired others to explore and embrace diverse flavors of the world.

Task 9.

There once was a man who had been dreaming about learning how to ski. Since a very early age he had a great passion for snow and sports, but unfortunately he was too scared to try it. In order to overcome his fear the man decided to hire an instructor, who would help him learn how to ski and get rid of the fear. He was waiting for the instructor nervously. Then, all of a sudden, a man crashed into him. "What are you doing?" - our man yelled. "Sorry, I lost control and crashed into you" - the other man gripped tight on his shoulders as they were going down the mountain. Our man started screaming "Get off of me! Now!" "I can not! We are moving too fast!" "Oh no!" "Do not be scared, my guy, just move forward, you have full control on your body!" Our man calmed down a little, he started to enjoy the air and sparkling snow around him. "It is amazing!" he shouted. "That's right!" They slid down the mountain without any problems. "I need to find my instructor now." - our man said. The other man replied "Here I am. I am the instructor. Now, please pay for our first lesson!"
