Task 3

There has been a spike of muggings in cities across the globe as mugs are focusing on a new item to steal - luxury coats.

In recent weeks, people in London, Washington D.C. and other metropolitan areas have been robbed by their coats at knife point. One man in Birmingham in the UK was slashed across his face as thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2200 each as well as literally stealing coats of people's backs, thieves are breaking into people's

vehicles. Professor David Wilson, a criminologist at Birmingham City University, warned that the muggings were the state of a new "aggressive property crime". He said the thefts were "warning".

Professor Wilson warned those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canada Goose branded jackets to be careful and be aware of your surroundings and who is around you. You have to be vigilant for opportunists who might try to steal them." He added that: "thieves used to target Rolex watches which go for thousands of pounds and then sell them online."

A London transport spacks person said: "Canada Goose coats are targeted for robbery. It's a real concern to us because it really impacts the safety of young people on the network." She added that this "aggressive property crime" was "very concerning, intimidating and frightening".

Task 4

In a verdant, old-age forest, resided Luna, a rabbit unlike any other. ^{Mesmerized by the} ~~Memorized by the~~ night sky, she spent evenings gazing at the stars, drinking of ^{the} cosmic mysteries. Her curiosity was insatiable, greatly differing from her peers, who preferred forest's tranquil life.

One clear night, Luna embarked on an unexpected journey. Guided by the constellations, she ventured beyond the known paths. She leaped over the ~~stems~~ and navigated through the dense underbrush, her heart pounded with excitement. Her adventure took her to the tallest hill in the forest, just as the dawn's first light crept over the horizon.

There, Luna beheld the sunrise of unimaginable beauty, the kaleidoscope of colors ^{stirred} her soul. This moment of awe brought profound realization: the stars were ~~remembered~~ ^{mesmerizing}, but her own world was equally splendid. Luna's story, blended of the celestial wonder and earthly beauty, became an enduring legend, inspiring all to appreciate the magic of both distant dreams and beauty close at hand.

Task 9.

"The Day Everything Went Wrong (But Ended Right)"

I know this sounds super-cliche, but it was a regular Wednesday. Mark woke up (as usual) in his bed and went to take a shower (as usual) to brush his teeth afterwards (you guessed it). As Mark stepped into a shower cabin, he found out that the water ^{wasn't} running. "That is unfortunate," thought Mark to himself already brushing his teeth with dry brush.

As Mark was dressing up, he found that his shirt ^{was} ~~was~~ messed by, but there was no time to iron it - Mark was running late to work. Everything that day was completely wrong! Mark ran out of eggs, got late to the bus stop (and to his workplace consequently), his computer mouse battery died. The only question Mark asked himself was "Why?" and no matter how hard he tried, there ~~wasn't~~ couldn't come up with an answer.

The rain started as Mark wandered to his house's doorstep. There was nothing that could possibly lighten his mood, except for a...

Surprise birthday party! The day was so hard on Mark, he completely forgot about his ~~own~~ birthday. Lucky for him, his friends didn't and they all had fun that night.
