Task 9

The day Everything went wrong (but ended right)

It was a week ago. My alarm clock started ringing and as usually I woke up. It is winter that's why early in the morning it's dark outside. I'm not a morning person so waking up is a long difficult process for me. I managed to get out of my bed and went brushing my teeth.

After that I went to have a fast breakfast. That morning everything was unusually wrong. My fridge was empty and I had to eat an apple.

I went to apply my makeup. My mood was completely awful, because I was hungry and didn't manage to normally apply makeup. I put on my casual black costume and suddenly realised that it is dirty. I had to clean it quickly and go out as I supposed I was late. I went out and it was strange as it may seem streets were empty.

I looked at the screen of my phone and my terrible morning was over. It was Sunday.

I ran back home and immediately went back to bed. I was falling asleep and thinking about this situation. I came up with an idea that this was the best end of such an awful morning.

~~The day when everything went wrong ended the best of all possible ways.~~
