Task 3.

There has been a spate of muggings in cities across the globe as mugs are focusing on a new item to steal — luxury coats. In recent weeks, people in London, Washington D.C. and other metropolitan areas have been robbed off the coats at knife point. One man in Birmingham in the UK was slashed across his face as thieves made off with his jacket. Criminals are targeting coats that cost as much as \$2,200 each. As well as literally stealing the coats of people's backs, thieves are breaking into people's vehicles. Professor David Wilson, a criminologist at Birmingham city university, wants that the muggings were the start of a new "luxury crime trend". He said the thieves were "waring".

Professor Wilson wants those with high-end winter jackets to be careful. He said: "I would tell anyone wearing Canada goose branded jackets to be careful and be aware of your surroundings and who is around you. You have to be

vigilant for opportunists who might try to steal them." He added that "thieves used to target rolex watches which go for thousands of pounds and then sell them online." A London transport spokes person said: "Canada goose coats are targeted for robbery. It's a real concern too as because it really impacts the safety of young people on the network." She added that this "acquisitive crime" was "very concerning, intimidating and frightening".

Task 4.

In verdant, age-old forest, there resided Luna, a rabbit unlike any other. Mesmerized by night sky, she used to spend evenings gazing at the stars, dreaming of cosmic mysteries. Her curiosity was insatiable, different from her peers, who preferred forest's tranquil life.

One clear night, Luna embarked on an unexpected journey. Guided by constellations, she ventured beyond the known paths. She leaped over streams and navigated through the dense underbrushes, her heart pounded with excitement. Her adventure took her to the tallest hill in the forest, just as dawn's first light crept over the horizon.

There, Luna beheld the sunrise of unimaginable beauty, kaleidoscope of colors that stirred her soul. That moment of awe brought a profound realization: stars may be mesmerizing, but her own world is equally splendid. Luna's story, a blend of celestial wonders and earthly beauty, became an enduring legend, inspiring all to appreciate magic of both distant ~~and~~ dreams and beauty close at hand.

Task 9.

An anecdote "The day everything went wrong
(but ended right.)"

Once upon a time a young gentleman from Sweden met a Russian linguistic teacher. They've exchanged phone numbers and texted regularly. Someday, the Swede was describing his new love and added: "but she... she is Tom!". Too shy to ask anything, the teacher was shocked. While thinking of Marie, Swede's love interest, he flipped his cup of tea over twice, fell down on an escalator and bumped his toe. Becoming paranoid, he asked his wife multiple times if she was a "Tom" too. Offended, she asked him not to be silly and stop joking around.

Russian man couldn't get any sleep because of that morning chat and decided to ask the Swede about

his opinion on that.

- My god, Michael, why would you call me that late?

- I need answers. Who's Tom?

- What do you mean? I don't know anybody who goes by that name.

- What do you mean? Do you remember our previous conversation, Sven? You told me Marie was actually Tom!

- Oh... you made me think for a second there. I just mixed up some languages and spoke to you in my native one. Tom means empty! She doesn't have any personality, only the looks.

Michael was shocked.
