ВАРШАНТ 1

TASK 1.

Adult, average.

Task 3.

1. False, because author says that human activity had been a major cause of climate change since the industrial age, which was in 19th century.

2. This statement is false, because author says that rising sea levels is caused by warming Earth, which is caused by excessive levels of gases.

3. This statement is true, because switching to the renewable energy sources such as solar power or wind can lead to disappearance of burnings of the fossil fuel.

4. This statement is false because trees on Earth absorb carbon dioxide in normal ~~stat~~ statement, so when people cut them down they destroy natural way of getting rid of harmful gases.

5. This statement is true because author says that one of the ways of reducing effects of climate change is changing daily habits like choosing public transport.

6. This statement is false because author says that special agreements aimed to unite countries in reducing global warming, so special agreement are international initiative.

7. This statement is false because text's author says that governments and businesses were also responsible for setting and following guidelines to curb emissions.

8. This statement is true because text's author says that climate change had already impacted ecosystems and communities around the world, so the problem is worldwide.

9. Not given

- 1) not absolute monarchy, but parliament monarchy.
- 2) The monarch doesn't take a huge part in government's work.
- 3) There are only one House of Parliament, not Houses.
- 4) House of Commons is elected of common politicians, not only of Royal family
- 5) The real governing body of the UK is House of Lords, not Commons.
- 6) Northern Ireland is a part of UK, so it's mistake to say "UK and Northern Ireland".
- 7) House of Lords consists of Royal family members.
- 8) Not 250, but about 20
- 9)

TASK 2.

a) ~~episode~~:

I was walking along a forest path.

• Suddenly, I saw that the bush with berries near me started shaking in a fast way. So, some red berries got on my face.

• During these events I felt confused ~~I did not know what to do~~. I was hardly trying to clean up my mind. Eventually, I understood the situation and ~~started feeling nervous~~, my heart was trying to jump out of my ~~body~~ chest.

• My brain was analyzing the situation for a while, when I finally decided to run. When I stopped, I cleaned my face from berry juice.

8) Events that happened to me that terrible day are unforgettable and whoever I told this story hardly believed me. This accident in ^{the} forest still bothers me: whether I should have stayed there and checked what sneaky animal or other creature was there.
