Вариант 1

Task 2.

a) When I was walking along a forest path I saw a squirrel jumping from one tree to another and a bird that was carefully watching the squirrel.

That scene really amazed me because I had never seen such a curious bird, so I was very happy to see such an extraordinary creature which I'm interested in.

Also, my mum really likes animals, especially birds. I desperately took out my phone and called her to show her the beautiful sight.

b) Honestly, it was the best stroll of my life. I had seen so many amazing creatures, I am a huge fan of animals. I think it is very important to go to the forest more often because fresh air and walking a lot can keep you healthy.

Task 4.

1) the rule: conditionals

example: I would help your sister, if I were you.

2) the rule: past perfect

example: Last week I went to a festival, my mum had bought tickets for it ages ago.

3) the rule: present continuous

example: I am going to a concert in a few days.

Task 5.

- 1) am ~~am~~ snowed under
- 2) ran out of time
- 3) on the breadline
- 4) am in the red

Task 6.

- 1) William Shakespeare, quote 2
- 2) b, quote 3
- 3) a, quote 1

Task 3.

- 1) not given
- 2) true. The sea levels are rising because of the excessive levels of greenhouse gases. The gases are resulting in a warmer Earth.
- 3) true. Solar power is an alternative to fossil fuels because it is not as crucial. Also, wind power and improving energy efficiency are mentioned.
- 4) Not given.
- 5) true. Choosing public transport over a personal vehicle can reduce the effects of climate change because then it uses less electricity.
- 6) false. Special agreements aim to unite countries in reducing global warming. They are not local and they're not aimed to improve environmental standards.
- 7) false. Businesses are also responsible for setting and following guidelines to curb emissions, also governments do the same.

8) true. In the text it says that 'climate change has already impacted ecosystems and communities worldwide.' It is an international problem.

9) false. Education on the significance of these climate issues is essential because it is necessary for future generations, although change can be difficult.

10) not given.

Task 1.

adult, colleague, import
