Вариант 1

Task 1

adult, average, colleague, import

Task 2

a) Suddenly I saw a strange creature, looking at me evilly. It was tall and very fat. When I came closer, I understood that it was a homeless dog.

But I was not afraid of the strange dog. Instead^d, I felt very sorry for it because I could hurt the dog evidently or just frighten it.

I thought that the dog had lost the way home and decided to help it. I fed it and went straight through the forest with my new friend.

b) Finally, the dog found its home and family. I went back happily and told my story all my friends and relatives. This stroll was impressed me very much. I thought

it was lucky day for me and the dog I met.

Task 3.

1. False. ~~The text says~~, There is a sentence in the text: "While climate fluctuations can be natural, human activity has been a major cause since the industrial age."
2. Not given. There is a sentence in the text about the excessive levels of greenhouse gases and warmer Earth, but about sea levels there is nothing.
3. False. Both these words (solar power and fossil fuels) are mentioned in text, but they have different meanings and different needs.
4. False. There is a sentence in the text: "Reforestation is another contributor, as trees absorb carbon dioxide but are being cut rapidly." These functions are different.
5. True. There is a sentence in the text: "This could involve using less electricity, recycling waste, or choosing public transport over a personal vehicle."

6. False, there is a sentence in the text: „Special agreements aim to unite countries in reducing global warming“. It ~~is~~ has different goals.
7. ^{Not given} ~~False~~. There is a sentence in the text: „Governments and business are also responsible for setting and following guidelines to curb emissions.“
8. True. There is a sentence in the text: „Climate Change has already impacted ecosystems and communities worldwide.“ The structure is ~~a~~ different but they have common meaning.
9. False, there is a sentence in the text: „Education on the significance of these climate issues is essential, ... it is necessary for future generations.“
10. Not given. There is a statement about sustained efforts across the globe but about certain animal species' extinction there is nothing at all.
