^{task}
 1. Attention, deliberate, apartment, export, record Вариант 2

^{task}
 2a) I was climbing a hill, when I ~~suddenly~~ looked up and suddenly saw a monkey, sitting on a cliff. It didn't look dangerous though.

Firstly I felt kind of confused seeing a monkey out of no where. It was a little weird. But then I felt curious. Why would this animal just sit there?

I was afraid of scaring it. But still, I decided to keep climbing and when I was up there I tried to offer fruits to it.

b) I'm a little confused about my impression of the whole thing. I felt different emotions during the stroll. In general it still was ~~still~~ funny and interesting. The animal was friendly. It never tried to attack me. Also it ate fruits that I ~~offer~~ offered and seemed really happy about it.

^{task}
 3. 1. False. This word became popular in the 1980s when people had just started realizing that environment is in danger. So it could appear even earlier.

2. True. First of all, being eco-friendly is a trend. So most of companies follow it to attract customers to earn money and be popular.

3. Not given. According to the text, we are aware only of one famous example, so we can't make conclusion if it's widely used or not.

4. False. "Fast fashion" refers to fashion changes too quickly, so industry is wasting a lot of energy and resources to make new clothes or manufactures too often.

5. ~~Not given~~. True. According to the text, ~~can~~ young adult as a next wave can inspire real change, that people can do by understanding green washing. So it's common for them to recognize it by analyzing.

6. True. Since we are talking about goal to use only eco-friendly clothes, that is recycled or not made of natural resources, we can consider it's about artificial materials.

7. False. Most of companies try to demonstrate it, yet there're still a lot of companies who are pretending or even don't try to be eco-friendly.

8. ~~True~~ False. According to the text, the next wave of consumers can encourage them. Nowadays consumers are kind of reason of greenwashing and still they can't recognize it to change anything.

9. False. It is, since companies want to earn more money and nowadays being eco-friendly is a trend that can help companies attract more customers.
