Багмант 1.

Task 1.

Adult, average, ~~to~~ moral, monotonous.

Task 2.

a) I was walking along a forest path when I noticed something extraordinary on the ground. I took a closer look and understood: it was a bird with an egg!

What a touching moment! They seemed that cute that tenderous feelings came across my soul and I was on a verge of crying.

I decided to help them, grabbed the little family with my hands and layed ^{it} carefully onto their ^e nest.

Both Bird's and my Bodies were shaking.

B) After that situation I was under a great impression. Actually, I felt a bit like a god after influencing one's fate! I'm inclined to think that I'll never forget this divine experience of uniting with wild nature and helping the innocent creatures.

Task 4.

1. 1) The rule: Conditional sentences
2) Example: IF he was richer, I would marry him.
2. 1) The rule: Past Perfect Tense

2) Example: I felt miserable that moment because I had failed my exams the day before.

3. 1) The rule: Present Continuous Tense

2) Example: I am meeting with my friend tomorrow at 12 AM.

- 2- False (the text says that sea levels ' rising caused by Earth's becoming warmer under gases influence, but ^{not} its cooling down, as in the statement.)
- 3- True (the text says that reducing gas emissions may be done by switching to ^{such as solar power} renewable energy sources instead of fossil fuels.)
- 4- False (the text says that trees absorb carbon dioxide but do not release it, and deforestation contributes to climate

changes by stopping this process.)

5 - False (the text says ^{that} "choosing a public transport may help to reduce gas emissions but not effects of climate change in general.")

6 - False (the text says "special agreements aim to unite countries in reducing global warming," which implies a more massive cooperation than the local one.)

7 - False (the text says the opposite: ^{to the statement} "businesses are also responsible for setting and following guidelines to curb ^{gas} emissions.")

8 - True (the text says "the longer we wait, the more drastic the changes" about climate changes impact, which means

they are currently influencing the environment.)

9 - False (the text says the opposite: "Education on the significance of this climate issue is essential ... it is necessary for future generations.")

10 - Not given.
