Вариант 1

Task 1

Adult, colleague, moral

Task 2

One day I was walking along a forest path and heard some strange voices. I thought ~~it was~~ ^{they were} similar as an animal voice.

At first I felt really scary, because it could be very dangerous to meet wild animal. Then I became ~~no~~ calmer and started to think what to do next.

A minute later I decided to run away, as I did not want to run into this animal. It could be bear or wolf. I can't say definitely.

To sum up, I can say that this experience was very scary. At the moment I thought that this is the end of my story and the animal would run stay behind me. I would not go to the forest anymore.

Task 3

1 F

Human activity has begun influencing climate change since the industrial time. It means hundreds of years, so the answer "only recently" isn't correct.

2 T

The ~~excess~~ excessive levels of greenhouse gases are resulting in a warmer Earth, so it leads to melting ice caps and rising sea levels.

3 NG

4 F

Trees don't release ~~something~~ ^{any} into the atmosphere.

5 T Trees absorb carbon dioxide, carbon dioxide is released by using coal, oil, and natural gases for energy.

6 F We can all do something to reduce the effects of climate change. For example, choose public transport instead of personal vehicle.

7 F Special agreements are not a local initiative to improve urban environmental standards. They aim to unite countries in reducing global warming.

8 F Business also need to help in saving our planet. It is responsible for setting and following guidelines to curb emission.

9 F Climate change is one of the biggest environmental issue in our world. It has already impacted ecosystems and communities world wide.

10 NG Education about climate issues is quite necessary now we are getting care about future generations. The author of this text has the same position.

Task 4
