Вариант 1

Task 2.

a)

I was walking along a forest path when I suddenly heard a noise. It was a very loud and scary howl. Some branches cracked and something moved behind the tree.

I started looking around, shaking with fear. I felt like I was in a horror movie. I was about to scream, but told myself that I have to be silent.

And when I was ready to run away, I noticed a little hungry wolf puppy. Of course I fed it with my sandwich.

b)

Well, it was an interesting ~~stroll~~ stroll. I'm pretty sure that I will remember it for a long time. When I told this story to my friends, they just laughed at me. But I was just happy that little wolf wasn't hungry. Thanks to me, of course.

Task 1.

Answer: adult, to export, import

Task 6.

1-c - Quote 2

2-b - Quote 3

3-a - Quote 1

Task 3.

~~1 - true.~~

1. - true.

According to text, human activity has been a major cause since the industrial age. The more people use fossil fuels, the more danger it cause.

2 - false

Rising sea levels is a result of Earth warming because gases like carbon dioxide trap heat from the sun and warm the planet. This phenomenon leads to various problems.

3 - true

Switching to renewable energy sources such as solar ~~power~~ power can stop the harm that fossil fuels cause, releasing

vast amounts of carbon dioxide.

4. - false

On the contrary, trees absorb carbon dioxide but they are being cut down rapidly. The more people cut down the trees, the harder it will be for us to breathe.

5. - true

Choosing public transport over a personal vehicle is one of the habits that can be changed, because less fossil fuels will be burnt.

6. - not given

7. - false

According to text, governments and businesses are responsible for setting and following guidelines to curb emissions, it is necessary, if people want to stop climate change.

8. - ~~not given~~ true

Climate change has already impacted ecosystems and communities worldwide. It's imperative to address this crisis urgently, we can't wait too long.

9. - false

Education on the significance of these climate issues is essential, and ~~also~~ although change can be difficult, it is necessary for future generations.

10. - not given

Task 4.

1.

- 1) ~~The rule~~: Condition 0
- 2) If you heat ice, it melt

2.

- 1) Past Perfect Continuous
- 2) He was full because he have had dinner with my mom
