ПОДПИСЬ УЧАСТНИКА

① adult, average, import, moral.

② a). One warm day in July I was walking along the forest. Then, I've heard the roar of ~~the~~ engine, which was going from the car, moving right at me.²⁸

. The first thing that I have thought about was that this car could hit me, but nobody would help me. This made me shocked and furious.²⁶

. I saw that the car was as old as the hills, so

I just stood behind the nearest tree¹⁹. When the car smashed and I looked inside, nobody was there.³⁰

b) When I finally realized what happened, I was so astonished, that I couldn't say a word. In fact, this meant that someone wanted to kill me, so it was far more frightening. When I finally³⁶ reached my house, I was in doubt how that car could appear there.

③

1) False, because in the text it is said that the human activity has been a major cause since the industrial age.²¹

2) False, because in the text it is said that the rising sea level is the consequence of the gases that are resulting in a warmer Earth.²⁶

3) True, because in the text it is said that reducing emissions can be done by switching to renewable energy sources, such as wind or solar power.²⁶

4) False, because in the text it is said that the deforestation is another contributor, as trees absorb carbon dioxide, but are being cut down rapidly.

5) True, because in the text it is said that ^{individuals can also} ~~the deforestation~~ play a role by choosing public transport over a personal vehicle.²³

6) False, because in the text it is said that special agreements aim is to unite countries, which means that they are global, but not local.²⁴

7) False, because in the text it is said that businesses

are responsible for setting and following guidelines to curb emissions.²⁵

8) False, because in the text it is said that climate change has already impacted ecosystems and communities worldwide, which means that they are already impacted.²⁵

9) False, because in the text it is said that the education on the significance of these climate issues is essential, and it is necessary for the future generations.²⁷

10) Not Given.

④ 1) The rule: conditionals

Example: If the temperature is above zero, the ice melts.
